**Run: 1366**  
**Hare Soixante Muff**

**Date: 24 March 2017**  
**Venue Myaree**

We are almost back to full capacity, 40 hashers met at **Soixante Muff's** renovation masterpiece, time between meetings have been long enough to appreciate the progress made on the house. And time has long past when the bed was stationed in the back yard, with only a mosquito net giving protection from the elements. The beautiful bright kitchen has enough space to treat the hashers to a delicious meal of salads and chicken, most of which descended on the new centerpiece in the family area, the mustard coloured Nick Scali leather lounge. I do hope they all behaved.

### THE RUN

The **GM** called upon the Hare **Soixante Muff** for directions: turn right after you leave the front door.

A perfect evening, **RA** got it right again, to stretch our legs. The well marked trail took us through streets and parks, up Wireless Hill and down again, but us walkers still managed to lose

trail and had to rely on **Butter Buns'** local knowledge to bring us back home, just in time to meet up with the rest of the walkers.

### **THE CIRCLE**

The hashers formed a circle in the garden, while the **GM** positioned himself on the top of the stairs.

We were firstly introduced to a visitor, **Harvey Wallbanger** from Hamersley , enough Hamersley hashers there to fall into the infamous H4 song.

Run reports:

**Spackle** for the runners: one of the best runs he had all year 11/10

**Mountain Hawk** for the walkers: couldn't agree more 11/10
