**Run: 1371**

**Hare: Shadow and White Pointer**

**Date:**

**12 May 2017**

**Venue:**

**Stirling**

### THE RUN

Maybe it was the full moon that kept all the lunatics away or could it have been the fact that a certain local football team was playing on Friday night? Whatever the reason, numbers were down a bit but the 28 or so intrepid hashers who did turn up had a good time. In fact this hash was unusual in a couple of other respects. I give you two examples:

**Wenchy** rocked up late (with **Bluey** in tow) She blamed it on the heavy traffic but given that most of Perth was watching the footie, there is some room for doubt.

**Shadow** announced that she'd had to recruit some help for this event which, we would all agree, is absolutely unprecedented. So **White Pointer** was roped in to set the run, **Cookie** bought and prepared all the food and **Shadow** provided the venue. She swore it was only because she'd been required to do jury duty. Do we believe her?

There was a course for the runners and a shorter one for the walkers and a most welcome drink stop – port and lemonade with the addition of doughnuts. The On Home markers started rather a long way from home and the inclusion of checks for the walkers was a bit unusual but hey, we can handle it! In general the course was well marked.

### THE CIRCLE

**RTT** awarded the walk a 9.3 and said he appreciated the port. **15 Minutes** reported that the run was "interesting", not quite sure what that meant but it must have been okay because she gave

it a generous 9.8. **D Cell** announced it was the best run **White Pointer** had ever set which was a bit ambiguous because we don't know whether she meant he usually sets good runs and this one was brilliant or he usually sets lousy runs and this one was okay. Please explain.

## CHARGES

**Wenchy** and **Bluey** for a being late. Oh, but they had good reason (see run report) Our stand-in **RA Replicar** hauled in **Sheep Shunter** to have a DD for his 50<sup>th</sup> run.

**Meladjusted** dopped in himself for leaving the book at home.

A discussion ensued between **Whore Da, Radar** and **Meladjusted** with a bit of input from **Shifty**, something to do with going backwards on a forward trail. I lost track of it but all parties apart from **Whore Da** took the DD.

**White Pointer** on **Replicar** for frightening a duck and not scoring a beer. It happens, as one wag commented, when you approach the only Muslim in Stirling.

**Shadow** on **White Pointer** for inviting a runner from Mundaring Hash.

**GPS** on **Ball Wrinkle** for staying away on his birthday.

**Replicar** took another one because he's going north for three weeks

## LTNS

**Ball Wrinkle** and **Mouth Organ**

## BIRTHDAYS

No one owned up.

## DUMMY SHORTS

The dummy shorts holder was absent, must have been one of the lunatics

## JOKERS

**Cookie** and **Dead Squid**

## GENERAL BUSINESS

**Meladjusted** reported that **Troppo** is home from hospital and will soon be leaping over tall buildings in a single bound. Apparently his hip was totally f---ed so a good thing he has a replacement.

**D Cell** reminded us all about the Rocky City Pink Dress Run – see Upcoming Events.
