Run: 1378
Hares: Tight Arse

Date: 30 June 2017
Venue Mosman Park

THE RUN

It was one of those evenings when you prefer to stay at home in front of the fire and a warming drink in your hands, rather than running around the streets in cold, wet and windy conditions.

The Co Hare **Mountain Hawk** had pity on us, we started the evening with the drink stop (Glühwein) in the comfort of her warm and comfortable kitchen, before Hare **Tight Arse** chased the pack of 25 runners/walkers (mainly made up of Committee members and a handful of diehards) out the back gate. **TightArse** must have re marked the trail as earlier efforts would have been washed away. We walked through back lanes of Mosman Park, across the Highway and up steep Buckland Hill, his obviously chosen location for the drink stop as the DS markers were still visible, but no one was there to keep our spirits up with some more warming Glühwein. We trotted back home and **Mountain Hawk** refilled our glasses, which we consumed in front of the warming Chimenea.

THE CIRCLE

The **GM** acknowledged that the **RA** had a long hard talk with the weather gods, we stayed dry until the last few yards!

Radar liked the walk with the nice and thick farrows 9.6

Puki Merah was all praise too, liked the short run with gentle hills and got back before the rain started 9.7

The Score was upgraded to a 9.9 in anticipation of curry,

After consuming the absolute delicious curry **Radar** announced it deserved an upgrade to 10 at least!
