Run: 1379
Hares: 15 MeNuts

Date: 07 July 2017
Venue: Hilton

THE RUN

The moonlit night brought the hashers out again, no excuse to stay in (unless you suffer from seasonal ailments - and better stay in with a hot Toddy)

The evening was dry and pleasant for the walk, which was actually a lot shorter than the runners' trail, walkers were back within 30 minutes, while some others (like **GM** and **BraveTart**) must have overshot vital signs on the road and took the long way home, and then having difficulties making out the house in the dark.

THE CIRCLE

Again, dinner was served before the Circle, Hare **15 MeNuts** dished up a very tasty chicken and vegetable soup with toasties, yum!

Wisecrack enjoyed the excellent walk, which was well marked 9.5

Replicar, reading the Hareline on a monthly basis only, therefore going to the wrong address first before joining us at **15 MeNuts** house sitting venue, thought it a marvelous run, including the delicious grub, also gave it a 9.5.
