Run: 1388
Hare: Brave Tart

Date: 08 September 2017
Venue: Joondalup

THE RUN

Our large group of Hashers made the long trek north to Joondalup for this week's run set by **Brave Tart** and **Pacemaker**. "The drive was not as long as I thought" could be heard all around, as everyone must have left home earlier than normal and arrived at the venue in plenty of time. Even **Soixante Muff** arrived long before we set off for the run.

The trail was well marked, and re-marked, but runners and walkers were soon separated. **Mountain Hawk** and **On Sec** were deep in conversation and found an extra loop before joining the group of walkers again just before the On Home.

THE CIRCLE

The circle was well spread out. I suppose everyone had found a comfortable spot to sit as food was served before the circle, being warmed up and ready to go. We were soon joined by three fellows from the local footy club, who found our gathering much more entertaining than their own next door, and were not shy of downing a few DDs.

White Pointer reported for the runners, he kept bumping into walkers, but found the run excellent 9/10, upgraded to 9.5/10 including dinner.

Butter Buns for the walkers tried to walk fast but was slowed down by **Gay Lord** who talked too much, gave the run a 9.5
