Run: 1396
Hare: Shifty

Date: 10 November 2017
Venue: Mt Hawthorn

THE RUN

It seems summer is finally with us now, and as the venue was very centrally located, a large number of hashers turned up for **Shifty's** run.

When called upon, the **Hare** told us the trail was all on chalk, either side of the road and a drink stop.

Runners and walkers crossed ways many times, our group of walkers got a bit confused at times, but never the less, we made it to the promised drink stop, where **Shifty** and **Sybil** served up Champagne/Orange and lollies.

Mt Hawthorn by name, but no hills and a shortish run, we were all back in good time.

THE CIRCLE

Shifty and Co Hare **Butter Buns** received a DD for their efforts, but as two short persons drink, all shorties drink: they were accompanied by **Sybil**, **Small Goods**, **Soixante Muff** and **Wisecrack** (some are not as short as they think ☺)

I can't recall if the run was scored and by whom, but of my own accord it was a well marked trail and of course the drink stop, it would well pass with a 9.5
