Run: 1249 – South Perth City view

Date: 21 November 2014

Hare: Double D

Venue: Esplanade, South Perth

As the pack formed and the sun was setting the hounds began to bay at the city view, there was much muttering amongst the pack transfixed on the city when acting GM **Pacemaker** called the pack to heed the hare. **Double D** told the restless pack it was a short run on chalk and flour, the hound sniffed the air for the trail and they were off through the park boardwalk and up the steps to a check. **Replicar** lead the runners into the human's nest of dwellings to skirt the animal penal institution. The hounds were cautious as they went around and avoided calling too loud so as not to disturb the poor creatures held within. **Phantom** had rejoined the pack this week and enjoyed the false trails and Jacarandas in bloom. **Slugger & Dogshit** found half a bath in a front yard and thought that the human bathing habits were strange. **Pacemaker** true to his name was running as if possessed. **Shrek** was struggling to keep up with **Jet**. **Butter Buns** wearing the Dummy Shorts lead the walkers like **Shadow, Suka, High Beam, Doggy Do, Whoreda & Sir Fumbles**. The trail went passed several watering holes, a club, where humans chase a little white ball around the park (strange habits) and two Pubs. The hares must be looking for an on-down because they should know to avoid these watering holes as they can lure the pack to leave the trail. On their special run **Bravetart & Rockbottom** run well with **Crusher**. **Troppo** lead most of the pack off trail once he sniffed home. **Ballwrinkle, Mouth Organ, Hogshit & Dash** were the only hounds the find the trail that went through a human food stash, yum. On-home for nibbles & drinks before the Circle.

The Circle: “Form a circle!”

Pacemaker politely called the circle together and the pack pulled away from their city gaze still in awe of the lights.

Hare: **Double D** was called forward with her co-hares **Dash & Mouth Organ**.

Replicar congratulated the hares on a good short 5.5km run and based on the scent of chilly in the air he suggested a 9.5 and the circle offered the hares an OD.
