### THE RUN

'Season of Mists and Mellow Fruitfulness' – that's autumn in northern Europe. In Perth it's clear skies, sunny days and cold nights, and the beginning of the season where shelter needs to be provided for the runners, just in case. Barridale Park is as good a park as any for an autumnal Friday hash, with plenty of parking, shelter and a well-lit ablution block with doors unlocked. Ever alert to the daunting prospect of the toilet doors going on automatic lock, Head Case leapt to the fore and stuffed a bag between door and jamb. The prospect of screams and bangs from a hapless hasher locked in the lav for the night was thus averted.

Lots of long-lost were welcomed back to the fold. **Sybil** and **Megawat** gave us the news that they'll soon be coming back for good. **Skye** lost her virginity on this night, and now has to decide whether the experience was gratifying enough to be repeated over and over and over. We deluged some poor, strange woman with questions about her hashing history only to be told that she was looking for her lost greyhound and didn't have time to dawdle. Hope she found her hound.

Lots of surges on the run – the pack surging in one direction only to be called back in another and another by the checks. The result was that halfway through a sentence with **Raspewtin** we surged in another direction and a new conversation commenced with **Horny Flasher**. Then off we were again with **Slugger** and then **High Beam** and on it went. I was never beside anyone long enough to hear the end of their story. The runners ran through the pack of walkers several times so we didn't need to bother checking – just left it to them. Ingeniously set trail by **RTT**.

### THE CIRCLE

The circle assembled under cover and right beside the loos so that prostates and prolapses were equally accommodated. **RTT** and **Head Case** were showered with praise by the **GM**, who declared the run 'perfect', as always. **Shadow** piped up that it was fantastic because it kept runners and walkers together.

**LTNS: Sybil, Megawat Wanker, Head Case, Double D, Dash, Raspewtin, Muddy Bottoms, Blossom, Rock Bottom, Crusher**

**VISITORS: Skye**, who **D-Cell** told us, was made to come by Web Wanker, **Mel Adjusted**

## CHARGES

**GM** nominated **Pacemaker** as stand-in **Religious Advisor** for the evening

**Slugger** was awarded a down-down for standing in as **Hash Cash** for a few weeks during **Double-D's** absence

A proxy was required for **Ten Percent**, who stood in for **On-Sec** last week and **Ballwrinkle** was nominated

**D-Cell** charged **Troppo** with being a FRB and failing to call – **Troppo** accepted the down-down but declared the charge a travesty, whereupon.....

**Tightarse** charged **D-Cell** for claiming to be a front runner even though he had passed her 10 times – **D-Cell** was so determined to get in her '*Ode to Troppo*'; that she forgot to have her drink so.....

**Troppo** charged her with dereliction of duty and sang a song of his own to her whilst she took her medicine

**Mountain Hawk** drew attention to **Double D's** flashy footwear and **DD** was forced to christen one of them

**Cow Pat** charged **Blow Fly** with being a grumpy old bastard for saying that hash is 50% boring but refusing to elaborate on his estimate the other 50%

**Tightarse** boasted, unchivalrously, that he and **Slugger** had sex on the run

**GM's** distraction at the thought of his wife's infidelity, coupled with his poor lateral vision made the **RA's** job all the more difficult and it took several attempts from various angles to draw attention to the fact that **Sybil** was adorned with the jabber jaws

**Animule got the jabber jaws – ANIMULE?** – Yes, he used up a year's jabbering allowance to chat up **Skye**, with whom he departed with a sheepish grin (**Animule** – sheepish.....)

**Raspewtin** got the jabber jaws – **RA** was really getting into his stride

**GM** then admitted to contributory negligence when **Slugger** was accused of forgetting the run book

**Dead Squid**, assuming the role of Oracle, declared the absence of book and horn negligent and asked why they can't be left with the eskies, which are never forgotten

## BIRTHDAYS

**Cow Pat and RTT** with a song from **Blow Fly** – '*When I'm 64*' - **Pacemaker** quipped that it's more like 69.4

## DUMMY SHORTS

Too many nominees to count, with most of the charges very limp – **GPS**, because he likes them; **White Pointer**, **RTT** for some spurious reason; **Slugger** for forgetting the book and **Troppo** for almost eliminating some of our number by driving into a group of hashers. **D-Cell** had it in for **Troppo** and kept the decibels high in a few rounds of voting so **Troppo** was finally declared the winner. Again, a travesty of justice, according to **Troppo** but we know he will come up with an amusing story to get rid of the shorts next week.

## JOKERS

**Horny Flasher** about a nurse, a rectal thermometer and a missing pen

**Dead Squid** about a 35 year old virgin and kangaroo
