THE RUN

Welcome back and a Happy New year to you all. It's been a very hot day so the run is not so long. Wise words from the hare. However our fickle weather had changed and cooled down somewhat. Whatever, who needs the first run of the new year to be a ballbreaker or a titty tangler anyway. These things have to be eased into gently. We discovered a new lake not seen by hash before and some bushy paths and even some streets. Run about 35 mins give or take from speedy to snails.

The night was still warm enough to be a thirsty one and a break with tradition, the grub was served before the circle was called. The mob was restless then and **Mountain Hawk** had to exercise all her considerable powers to shut up the masses and gain control especially as our RA had gone missing.

THE CIRCLE

Run reporter **Dash** said great. Highly rated.
On sec in trouble for getting out of his box and talking.
