**Run: 1306**  
**Hare: High Beam**

**Date: 22 January 2016**  
**Venue: Innaloo**

### **THE RUN**

**High Beam** back from her adventures in the US of A and straight to hashing. Great weather and a large turnout of 48 hashers. Central location helps and some blow ins with nothing better to do. On On and there is a drink stop. **Rambling** found a loo, **GPS** was planning to tip it over and all this caught on camera by **Meladjusted** urged on by **Arseabout**. A girl has to do what a girl has to do! Innaloo is a fairly kind venue mostly flat. The runners soon separated from the walkers and arrived at the drink stop and choky stop. The Runners had their fill of the goodies and left before the walkers arrived, hence a lot of thirsty people hanging around waiting for the piss, car keys etc at the on home especially as the hares took us past the Saint without a hint of a cold beer.
