THE RUN

A total of 40 hashers turned up on a night that was looking to be wet and windy but thankfully the rain held to after the circle...Well done RA.

The run was well marked with both walker and runners finding trail but some runners coming home grumbling a little about it being a long run.

THE CIRCLE

DD for Double-D and for the last time they will set a run for FH3

DD for Dougal who sadly passed away during the week...He will be greatly missed by us all.

Double-D was charged with going down a building on the outside when there is perfectly good lifts and stairs on the inside....Congratulations all the same DD

Gps was charged with forgetting to mention that it was Radars 200th last week...A well deserved DD for him.

Again Gps was charged, this time with wanting to get into 15 ME-NUTS pants...But in my defence it was only the dummy shorts I want to be in.

Next was Little-prick with shoes that have never been to hash before...A lot of the usual denials before a DD for her.

Shrek was charged with having to many clothes on...Very unusual for him.
