Run: 1452

Date: 7<sup>th</sup> December 2018

Hare: Shadow and Hogshit

VENUE: 53 Hamilton St Stirling

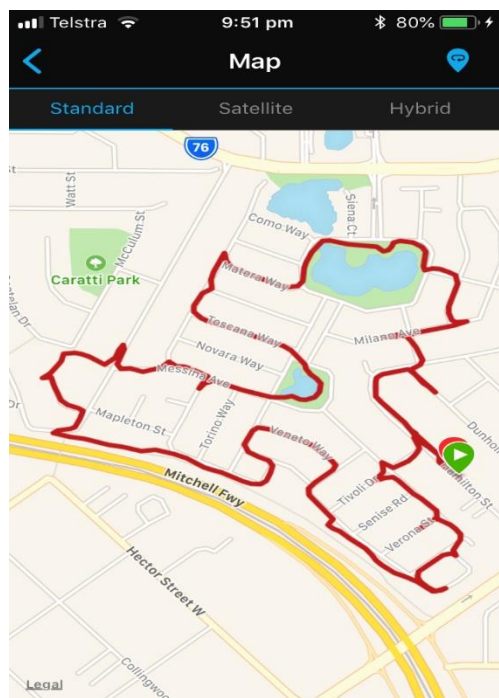

### THE CIRCLE:

The circle was slow to gather and required a few hashers working together like sheep dogs to gather the 37 hashers together and corral them into the lower garden area. Once gathered the hashers fell silent as they eagerly awaited Rockbottom to step forward, it was an amazing thing for me to experience as I have rarely heard a horde of hashers fall so silent without a word from the GM.

**Rockbottom** asked for the Hare **Shadow** to step forward and explain the history that had unfolded over the last week as to why the co-hare had changed from **White Pointer**, some suggested **White Pointer** was pregnant, and others suggested that he had an operation that was too delicate to mention, all we know is that he had an appointment. Perhaps one with a mystery woman? To **Shadow's** rescue flew **Hogshit**, he proceeded over three days to lose some tread on his shoes as he explored the streets of Stirling.

## THE RUN:

The run to me looked like an x-ray of a duck (look at the picture slightly anticlockwise) with a big front shoe and a smaller rear foot, and a lake for brains

**Tongue Twister** who was on shore leave was so delighted to have her feet back on terra firma scored the run a perfect 10.

**Deliverants** was almost as equally impressed with the run gave a score of 9.75

**Visitors:** no visitors this week

**LTNS:** **Worque I, Tounge Twister, and Shita**

## CHARGES:

The **GM** and **Tigtarse** charged **Beau** for being a stooge and wearing a hash shirt from another club, when asked where he got it, he simply replied "Hash". **Beau** wasn't alone though, **Tounge Twister** and **15MeNuts** were called into the circle to redeem themselves.

The **GM** then charged, or gave an accolade rather, to **Troppo** for his Trim & Taught figure

The **RA** charged **Light My Fire** with property damage, which she caused when falling over as she attempted to what turns out was to catch a Rat. Next to be charged by the RA was Shifty, for daring to say the RA looked like a murderer, the RA insisted he was instead regal looking as he was a Prince, so hashers in future please remember to bow before the Prince. Lastly the RA felt Franger deserved a mention for being on his phone whilst the circle was on, Franger tried to no avail defend himself by saying he was checking out run details.

Other charges from the circle came from **Mountain Hawk**, the mighty have fallen as the **ex GM** was serving Hash Splash. **Tigtarse** charged **Hogshit** for impersonating a horn whilst on the run as he was apparently saying SQUEEK SQUEEK, **Hogshit** explained he was merely grabbing his manhood. **Tigtarse** also charged **RTT** for not knowing his name and how to spell it as he was misspelling his name in the book. **Maussie** charged **Hogshit** for his confusing use of Farrows.

**BIRTHDAYS:** None this week

**GENERAL BUSINESS:** None this week

## DUMMY SHORTS:

**Swozzy**, current shorts winner, was charged for not running in them, Shifty for being on NZ time and hence late for Hash, and **15MeNuts** for loosing the book on her first run in her role as On Sec.

The winner was **Swozzy**, however due to her going away on holidays **15MeNuts** stepped forward to claim them so that they may be available for subsequent runs

**JOKERS: Deliverants** – 000 call. Made Muffin – 4 passengers in a plane going down and only three parachutes
