**Run: 1457**

**Date: 1<sup>st</sup> February 2019**

**Hare: Light My Fire**

**VENUE: Sandy Beach Reserve, Bassendean**

**THE CIRCLE:** This week saw an almost crowd equally sized run for the Hare with 48 turning up for a much-anticipated unique flavoured feast after the run. Some of the walkers including the **GM** returned a little less impressed with the run, the **GM** felt there was a need to allow time for the steam to blow off before critiques were given for the run, so he decided to change the order of events, and asked for the visitors and long-time no sees to step forth.

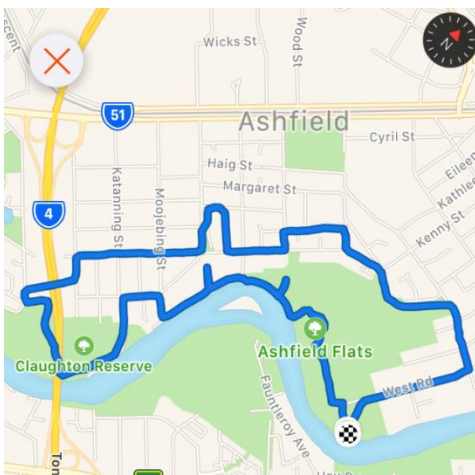

**Visitors and LTNS:** Visitor and virgin to tonight's run was **Natalie**, which was made to come by **Franger**. Another visitor, came alone due to **Sardar's** absence, was Minder. Other welcomed Hashers included **Barkoff, Nicetits, SmallGoods SNB, Skippy, Blewhe**

**CHARGES:** The stand in **RA** began with some zero hero's, **Crusher 400, Rambling 810, Phantom 1230, GM** and **Radar 310**. **Spackle** got charged with getting a new job, which involves teaching people how to hold their breath and going down..... sounds a bit saucy to me, especially seeing

how much **Wisecrack** was smiling tonight. The **RA** then charged **Franger** for parking in a motor cycle parking spot, and for living up to his name according to his licence plates 1CAR .... Seemed to spell out Wainker (dirty word, kept clean). **Beau** was charged for taking a long short cut, and he was charged with following Troppo despite warning people not to trust **Troppo**.

The **GM** used **Spackles** as evidence to accuse **Hogshit** for calling the kettle black when referring to Spackles as a Shit house trainer. **Sybill** was given an accolade for finding the OnSec's notes. **Rambling** was charged for talking in the circle.

**Hogshit** charged **Shrek** for complaining too much.

**THE RUN:** Next we got back on course and critiqued the run. **Hogshit** felt the maps matched enough this week that one map was enough for the run.

**Swozy** thought the run was excellent, beautiful, well-marked, and really nice. In one-word Perfect 10/10

**Rambling** came forward to critique for the walkers, still fuming and barely in the circle before commencing, she began describing the walk as one of the worst, it was poorly marked and hence no trail to follow -10. **Shadow** interjected and described the walk as being the opposite to what **Rambling**

was describing. The **GM** gave it a score of 15 due to the excellent food to follow, making it a final score of 5 from the walkers.

**GENERAL BUSINESS:** **Mountain Hawk**, mentioned the various items that we have for sale, if anyone is interested, we have various great items available including shorts and scarves.

The **GM** reminded Hashers that there is only 12 weeks until Nash Hash.

**Big Bang** mentioned out of interest that **Animule** was currently at a Nash Hash in New Zealand

**BIRTHDAYS:** none this week

**DUMMY SHORTS:** Nominees included **15MeNuts** for losing her marbles (notes), **Franger** for being a Wainker (spelled wrong on purpose), **Beau** for being stupid enough to admit to shortcutting, and **Rambling** for her dummy spit about the walk. The unanimous winner was Rambling.

**JOKERS: Maide Muffin** – married Iris man, **Cookie** – teacher asking students to tell what their parents did for a job

**Next week's Run: Rock Bottom, 17 Sampson Rd Kalamunda**

**SONG: Shrek**
