**Run: 1476 Date: 14h June2019 Hare: Hogshit and High Beam VENUE: 10 Hinderwell St, Scarborough**

**THE CIRCLE:** The weather cleared to a crisp evening, 37 hashers braved the cold to find their way to the ocean and the sand dunes of Scarborough, where they were welcomed by a warm fire and an opportunity to toast a marshmallow or two. The run was expertly designed and marked out by **Hogshit**, and the delicious soup was supplied by **High Beam**, with desert provided by **Sluggger** who continues to make a great recovery from hip surgery. **Snakebite** was called forth to review for the runners, he thought the run was great with a great drink stop scoring the run 9.9.

**Shifty** was called to review for the walkers, she thought the trail was nice and long, scoring it also a 9.9

**Visitors and LTNS:** This week we welcomed **Snakebite** and **Patpong** from Bangkok Hash. Long time no sees included **Low Beam**, **Blue Moon**, **Tightarse**, **RTT**, **Little Prick**

**CHARGES:** The stand in **RA** this week was selected on the fly again with **Blowfly** kindly stepping, and despite the late notice he was able to use his powers as an RA to control the weather for us so that it had cleared for a dry run.

**Animule** was recognised for achieving 600 runs, other hashers noted were **Hogshit** 1432, **RTT** 1407, **Phantom** 1248, **Cookie** 1097, **High Beam** 510

**Shadow** charged **Blowfly** for having the memory of a sieve as he almost forgot her sieve once again

**Mountain Hawk** charged **Animule** for fooling us for so long that he was part of the walking wounded, as tonight he completed the whole trail.

**Megawatt** charged **Cow Pat** for getting tangled up in police line, the leggings made it look like she had managed to get her legs all tangled up in police barrier taping.

**Blowfly** had found some old pictures of hashers in their younger days and charged **Tightarse** for drinking with his brother.

The **GM**, who was a little upset at **Hogshit** pre-trail instructions of their shortcut, attempted to charge the Hare with misleading the walkers. Instead **Tightarse** came to the hare's rescue and confirmed they were given the correct instructions, and for a rare occasion the **GM** faced the charge.

#### **General Business:**

It's time for hashers to consider nominating/volunteering for positions on next years, and consequent years, committee. Some of the positions have already been tentatively marked with volunteers, and we are very grateful to these members. If you haven't, and even if you have served on the committee, we would love for your positive energy that you already bring each week to be involved in the continuing development a positive and growing group that Friday Hash is

**Shadow** as stepped up to help the GM out with organising our weekend away at Rottnest, details to follow.

**Mountain Hawk** informed the members, who don't read the newsletter or email, about the ongoing situation with the tights.

#### **BIRTHDAYS: Phantom, High Beam, Hogshit**

**DUMMY SHORTS:** Nominees – **Blowfly**- mind like a sieve; **Sir Fumbles** for missing a run book- this was later dismissed as it was not a Friday Hash related issue; **D Liva Rants** – being a snooty smart bitch, too good for hash with her pussy tights; **Little Prick** – palming off the shorts to **High Beam** to bring in to hash last week so that she wouldn't have to wear them on the run; **Franger** nominated **Sheep Shunter** for leading the walkers up the garden path; and **Shifty** nominated **Shadow** for impersonating her name in the run book. Hogshit gave Shadow an accolade for managing to come up with so many nominees.

The winner was **Shadow**.

**JOKERS: Animule**- a bloke from Minnesota, **Cookie** – Dorothy and Edna comparing dating notes

## Other Hash Events:
