Run: 1481 Date: 19th July 2019 Hare: Soixante Muff VENUE: 13 Spargo Way, Myaree 6154

THE CIRCLE: With a few hashers not well and some others overseas 25 brave and dedicated hashers turned up hopeful the **RA** had done his part and cleared the weather for the run. The **RA** had failed in his duty earlier in the day, and the poor Hare got both cold and wet in her attempt to lay trail. **Hogshit** and **15MeNuts** took the brave runners, with the help of a map, through the streets of Booragoon and Myaree. The **RA** did manage to at least reduce the rain whilst the hashers were out and about, quite a few walkers however, and maybe even all, didn't trust the **RA** and remained at home watching the AFL. **15MeNuts** scored the run highly at 9.75, it was well thought out and kept the pack together really well.

Visitors and LTNS: No visitors this week, and only one long time no see in **Arseabout**, this was only probably due to it being at his house

CHARGES: The **GM** jumped right in and called **Radar** out into the circle, while she reluctantly walked out the **GM** explained that **Radar** had stolen his thunder on a bit of lost property by returning it promptly upon arriving tonight to its rightful owner.

The **RA** charged: **Hogshit** for somewhat misreading and misguiding the runners in his attempt to read and carry out the Hare's plan. **Slugger** for calling a fellow hasher by the wrong name, Megawatt confused for Emanuel. **Radar** for miswriting or run number 3207, **Radar** attempted to reverse the charge onto the **GM**, we all know this failed.

Quirky run numbers for **Megawatt 369, Blowfly 140**

Soixante Muff gave an accolade to **Troppo** for wearing French themed attire

General Business:

Rottnest : accommodation requests are being made with who is wanting to share with who, or not. The Hare on Rottnest will be **Rambling** with **Sir Fumbles** for the ones left behind. Also, there will be no run fee for this run.
