Please note the change of venue to Swanbourne Railway Station for Run 1485 on Friday, 16 August.

Run: 1484

Date: 9 August 2019

Hare: Troppo

VENUE: Noranda

THE RUN

The lure of a drink stop was enough to entice even the walking wounded onto the trail, including **Shadow**, who was going to stay behind to be the dogged defender of the trailer. However, someone reminded her that she's a mere female and only little so off she plodded in the security of our handsome heroes and the rest of us. **Made Muffin** was the leading light in our little group in her high-viz vest, declaring at the start of the run, "That's not a torch... **This is a torch.**" whereupon the night was illuminated with the glare from her non-battery, hand held floodlight. Being of a talkative disposition your stand-in hare paid more attention to the verbal goings-on than the visual before remembering that I'm supposed to be writing the rag this week and should be taking notice. So, I can remark on little other than the excellent drink stop and the fact that, for once, the walkers were calling the runners on for a brief and elated 50m, only to find it was a false trail.

THE CIRCLE:

Troppo was called to the stand as **Franger** opined that the run was good and he couldn't guess where it was leading for much of the time - 9.8 from the runners

Ballwrinkle said little on behalf of the walkers but awarded the run 6.3 + 3.6 for the food = 9.9

Visitors and LTNS: None this week but **GM** noted that **Doggy Doo** was back with us for a second week.

CHARGES:

The **RA** started proceedings by charging **Sardar** with failure to observe hash protocol by not calling on the run and wearing inappropriate apparel. Sardar denied any wrongdoing, stating that he was wearing hash gear under his track suit and to "Come and feel it, guys." Well, that threw the RA into a quandary as to whether

he'd have to control the frenzied mob scrambling to take up Sardar's offer. An unseemly spectacle was averted as the quick-thinking RA awarded the charge and dismissed the miscreant from the circle. Other than that, we had a mix-up by a poetically inclined **Ten Percent**, who confused **Puki** with **Cookie**, followed by the zeroes – **Sluggo & Hogshit** – 440, **Mountain Hawk** – 450.

Wenchy charged **Made Muffin** but I can't remember what for.

Rock Bottom charged **Sybil** with sending her the email address of a person named Small Goods who lives in Tasmania and who refused to come to Perth to set a run in place of Rock Bottom.

Sybil tried to deflect Rock Bottom's charge on to our On Sec but was stuck with it as On Sec is in Europe.

Shadow charged **GPS** with discharging his flatulence on the swings and roundabouts in the children's playground.

Pacemaker charged **Call Girl** with sexual assault on her own husband.

Cow Pat commended **Tightarse** on his display of tumbling skills and his ability to land his head just short of the edge of the kerb.

Crusher achieved **500 runs** tonight and was awarded a tankard for his contribution to the club.

Dummy Shorts:

Candidates were **Sardar**, for peeing windward **from** the tree, nominated by **Sluggo**

Hogshit – can't remember what for but it doesn't matter

Shifty for being unable to count in spite of being a bookkeeper

GPS for the uncontrollable, noxious fumes emanating from his presence - nominated by **Shadow** and reinforced by all and sundry.

Guess who got the vote – **Gaseous**, **Ponging**, **Splutterer**

BIRTHDAYS: **Troppo** and all the Leos

JOKERS: **Made Muffin** – gynaecologist, **Cookie** – spell eucalyptus, **GM** – car breakdown

GENERAL BUSINESS

GM will send out a flier to **Rotto Weekend** participants

Shadow has one more double room for the bike hash on 31 August weekend \$176 for accommodation at New Norcia, dinner and breakfast.

1st Tuesday in October – Hamersley's "**Close to your Heart Run**" for Down Syndrome

We don't want to leave anyone behind in the dark. Please keep an eye out when runners are checking to make sure they rejoin the pack.

We are looking for a volunteer to host this year's Christmas Run.

Next week's run: 1485 The Rotton Run, so called because it's **Not the Rotto Run**. Get it Rotton. Run starts at **Swanbourne Railway Station**. Lots of parking if you go by car! Otherwise take the Fremantle Line Train from Perth or Fremantle. Trains leave Perth at **6.30pm** and **6.45pm** arriving at Swanbourne **6.46pm** and **7.01pm**. Trains leave Fremantle at **6.38pm** and **6.48pm** arriving at Swanbourne **6.51pm** and **7.01pm**. Trains stop at all stations in between. Run starts at 7.02pm. End of run is at **Cottesloe Railway Station**, so you can take the train back to your suburb or Swanbourne to pick up your car. This hash run is more of a pub crawl as we stop at three pubs. It's compulsory. No run fee. Food can be bought in Cottesloe. There will be a car to transport your bags from Swanbourne to Cottesloe. I think even a hasher can understand all this. **TA**
