Firstly, a big thank you to all the stand in On Sec's for their time and efforts in helping the **GM** keep on track during the circle and the newsletter coming out each week while I was away.

Secondly, a BIG thank you to everyone who has made it known they are happy to help with next year's committee, there are still a few limited spots with Hash Horn and Hash Flash still not filled. I look forward to hearing from volunteers to fill these two spots.

THE CIRCLE: This week we had a conservative 35 hashers turned up for a **Horny Flasher** and **Buttered Buns** run. It was unanimously agreed that it was a well set out and marked run with very neat farrows, the runners were kept together well with the strategic placement of checks and false trails. The runners, well **Spackles** only really who was called upon to review for the runners, seemed disappointed about the lack of hills and scored the run 9/10. He later increased his score once he knew what delights awaited for dinner.

Animule was called upon to speak on behalf of the walkers, he felt the trail was good and particularly enjoyed the lack of

hills, there were plenty of farrows ensuring no one got lost, and scored the run 9/10
