LTNS: Skun Kibbles, Franger, Crusher, Wisecrack, Spackle, Bell Boy.

Charges

RA on Gobbler and Spun Kibbles. RA said that he was walking with the ladies as they were playing with their technology on the walk. Gobbler was texting. D Cell received the down-down as she should have warned them about using technology on the walk.
RA on Shifty: According to the RA, Shifty doesn't know her name even though GM called on Wenchy – she should have responded. The GM is never wrong. The GM took the down – down.
Whore-da on BB (On Sec) for not spelling the names right.
Radar on Suka: Suka said – we've got Doggy Doo with us, so we are safe. It was Animule!
Replicar on D Cell: She's got boring tights tonight!! There were some calls of "what's underneath?"

D Cell on Big Bang: D Cell called Miz Nomer into the circle to ask her if she had an orienteering map in her hand last week. MN said no – she had no paper in her hand. D Cell implied that Miz Nomer was not on an orienteering course, so why did BB write “control” instead of “check” in the Rag?

Zero heroes

3. The payment of monies to Hash Cash and Hash Splash went well this week!! Well done to all!!
