**Run** 1541  
**Date** 4<sup>th</sup> December 2020  
**Hare** Shifty  
**Venue** cnr Cape Street and Stoneham Road, Tuart Hill

32 hashers turned up on a cool summer evening, Porno King did not check in with RA before cumming, he had heard that December is summer and turned up without a jacket, but he's tough and smiled through the cold.

Shifty fought off the paparazzi to let the circle know the details of her run and drink stop

Beau was called to give a runners report, Beau had earlier referred to himself as being a bit ornery, he was proud of his new role as Hash 'orn, with horn in one hand, camera in the other, covering for our Hash Flash, he was able to do what no man has ever done before.....3 things at once, horning, flashing and giving the report. As On Sec was still a walking wounded she does not know if Beau's wish for more hills was genuine or fake news, but he enjoyed the run. White Pointer was called upon on behalf of the walkers, and this was the start of the theme for the night.....dementia. White Pointer said he went this way and then that way and even though I'm sure he has done a run or two in this area, he claimed it was new country, I guess that's like GroundHog Day, every walk is a new walk, he got lost and said he enjoyed it??

The night saw a group of LTNS: Porno King, Hard One, 10%, RTT and HopPing Mad

Then up stepped our esteemed RA, Megawatt, returning from retirement, claiming he is happy to be back and that he has no boss; our heckling Mountain Hawk reminded him about Sybill. Say no more.

Slugger was the first of many charges of the night, for talking about rain on the run, and bringing on thunder, which then turned into a discussion about wind problems, RA asked us to pray for Slugger's soul as it is too late for the body.

RA charged Tight Arse for pulling his leg, Tight Arse tried in vain to get other hashers to also pull the lost muscle that he has found in his leg. RA continued on the religious theme praying for Maid Muffin who is crossing the border soon, and calling on powers only available to an esteemed RA, that WA open the doors when she is ready to return.

RA then charged White Pointer for his new hash bag, which turned out not to be new, it was Troppo's dregs, then just as White Pointer was recovering from that down down, he was called back to the circle with HopPing Mad, as both came to FH3 without Hash gear, claiming they'd left their bags on the bridge, maybe that was at bridge, is that White Pointer's dementia coming to the fore again.

RA stepped aside and GM called for charges from the circle; in slithered Hogshit to charge Sardar who forgot to go home, then Hogshit was called to the circle by Ballwrinkle to receive an accolade for his stubby legs and long arms, jeez we could call on half of the residents at 20 Labouchere Road, South Perth for that accolade, but they wouldn't be as proficient as Hogshit is at marking the trail for the walkers, GM added an extra down down for a double arrow, hang on now I understand why White Pointer went this way and that way, he was following the double arrow, now it makes sense.

I guess you thought the charges ended there, no I just put another paragraph in because I can.

Shadow charged Shifty for forgetting who the new On Sec was, there was an awful lot of forgetting happening on this run. High Beam came to Shifty's rescue and followed the charge with an accolade for holding her run next to the local defibrillator.

Shadow was our only zero hero this week with 550 runs, then it was down to the serious business of the night with General Business:

- On Sec spoke about the Committee having discussed the QR code, for the time being we will continue to keep a list, as this can be produced very quickly if needed, however, On Sec will be checking on everyone's details over the next few weeks.
- Xmas run to be held December 18<sup>th</sup>, and it will be a charity run-monies raised and fees for the night going to Food Bank; Hashers were asked to bring lots of small change as there will be random monetary fines throughout the night. Cum in your best Christmas outfits.
- Hogshit asked the whiners, I mean the winners, for their opinion on the small bottles of wine as opposed to the large bottles, he asked for feedback after the circle.

We had three merry jokers, Tight Arse, Mountain Hawk and Troppo, Mountain Hawk, told a joke she had told before, but with dementia being prevalent amongst the Friday Hashers, she figured she could probably tell it again next week as well.

GM felt very safe not having a nomination for the dummy shorts, knowing that his dummy short reign had cum to an end. Up stepped, you guessed it, GPS, but he seemed to have forgotten that he normally nominates himself, and he nominated Megawatt for commenting on the new car that GPS turned up in, a car that GPS has had for 20 years, oh what a dummy!!

Dead Squid was called on to end the circle by leading everyone in song, and yes Dead Squid I'll try really hard not to alter your name, although I think Carked It Calamari has a nice ring to it!

**The Committee** decided unanimously that as COVID is still present in the community, that members are requested to bring their own cutlery and plates to Friday Hash from now on. For those who forget or are visitors and do not have plates or cutlery, a **small number** of suitable plates and cutlery will be held by Splash for these circumstances.
