Date: 18th December 2020

Hare: Radar and GPS

Venue: 11 Hoya Court, Thornlie

Oh Cum all ye faithful 45 Hashers to the Holy Court in Thornlie, what a merry night was had by all, very few did not deck their halls with a joyful Christmas costume, this created a very pleasant reaction from local Thornlyites, toots and cries of Merry Christmas coming from all quarters, Suka telling the local young children that they will get all they wish for, sorry parents, pressure is on now.

A lot of wonderful preparation went into making it a fun evening, with the décor, food, money collection....see email with a special thanks from the GM to all, and a very generous donation from all, \$600 will be sent through to Food Bank, the Club subsidising a bit more as it has been a difficult year for all.

Now back to putting the night's frivolity into some form of disorder. It took a while to muster the full team of reindeers into a circle, some of the does were getting the last drops of grassip, our cracker of a GM eventually reined them in.

Hogshit used the GM's name in vain when giving the runner's report and said it was a cracker of a run, up hills and down hills and was well marked. White Pointer climbed out of Shadow, I mean climbed out of the shadows, to give a walkers report, which was great and more like a talkers walk with all the Thornlyites wanting to chat to the merry bunch decking their streets.

TJ and 15 me nuts were welcomed as LTNS

RA aka Cardinal Megawatt, entered the circle with his pulpit, where the cardinal sinners would be made to kneel for their down down then kiss the RA's ring, oh the visuals are hard to conjure I've never seen a monk's ring, oh you mean that thing on your finger, phew.

Charges were coming left right and centre from our RA, Beau was the first noel, charged for not being horny anymore, and what was the point of White Pointer's orange hat, did his head reach the top point? Sardar forgot his glasses and veered off onto the walkers trail, and proved his point of poor eyesight, by claiming the RA was sexy. We still don't know if GPS really got lost on his own trail or if it was again trying to get into the dummy's shorts.

Slugger was called up to explain why she got one bone fixed and broke another, ouch. RA called Meladjusted in for the final charge, such wonderful compassion shown, such diplomacy and concern, no gentle words of 'redundancy', 'laid off', no RA went straight for the jugular and charged him for getting "fired" at Christmas.

GM lead the charges from the circle, calling some more does in for grassipping in the circle, Cowpat, Wenchy and Cookie. Cowpat was that you disputing the opportunity to have a free drink.

Replicar falsely charging the RA for missing something, that's a reverse.

Rambling called Beau in and thought he could have changed his clothes at some time this week, wearing the same outfit twice. Talking about outfits On Sec called D Cell in to demonstrate that one size does not fit all, unless you have a pair of scissors and some red satin. Competing with Arnie and Danny for the Twins title.

Told you the charges were prolific, and there's more....Tight Arse called ButterBuns, Suka and Shadow into the circle and sang a song of green, red and blue lights, I'm surprised he could remember the words having earlier forgotten White Pointer's name, calling him Crusher, might be a Yorkshire thing happening here, Dead Squid again thought he'd check that On Sec would spell his name right, and spelled it for me just to be sure DED SQUID, are there no 'a's in the Yorkshire alphabet. Oops I digress, back to the charges, Small goods made Beau horny again, thought Beau said he'd left his horn in the car!! And alas I can't remember who Meladjusted fined for not knowing what his number plates above his bar stood for, DILLIGAF, however, most of us were drummer boys to the same beat, none of us knew what it meant, I know now, but I'll leave you jingling. And wait for it, yes the final charge for a Hasher who shlid into the chircle very late and wath shpotted trying to hide behind his fellow hashers. Shir Fumbles had been out making merry elsewhere.

There was a lot of Christmas spirit being poured, well beer and ginger ale really, as we had two 1300 runners, Phantom and Troppo, followed by Spackle with 200 runs and Nice Tits with 100 runs. Replicar and his elf High Beam were kept busy, albeit I heard the cry "help yourselves" come out once or twice, that was a lot of drinks, well done!

General Business:

- Suka reminded hashers to inundate her with dates, she needs to fill the run sheet
- Keep the 28th February free for the Hills hash 2001 run
- Not the Kings Park run on the 29th December, to be held at Matilda bay Reserve at 6.30pm

TJ, Cookie and Meladjusted brought mirth to the circle with their jokes, Dead Squid asked Tight Arse to join him to pull GMs Crcker (that's Yorkshire for cracker)

HopPing Mad, our carryover dummy short hasher nominated GPS for getting lost on his own run and Tight Arse for competing with the dummy shorts with his pink Christmas shorts. Replicar nominated Sardar for running on a walker, and Beau was nominated for being hornless. Tight Arse gets to wear the dummy shorts into the New Year.

Hark the Sir Fumbles angel lead us in the Friday song

On Sec wishes you all the very best for Christmas and no matter what 2021 brings, I'm sure it's not going to match the schmozzle of a year we have just come through. Wishing you all a very happy New Year.
