Date: 1st January 2021

Hare: Miznomer and Big Bang

Venue: 10 Perina Way, City Beach

In the heart of a hot summers night, 31 Friday hashers sweated out their Xmas puddings around the streets of City Beach, beautiful views, excellent spot for a drink stop, Miznomer switched on a stunning sunset.

Big Bang kindly told Animule the shorter way home, and my ears weren't the only ones eaves dropping, as several of us chose to skip that last hill and took the direct route home.

Rockbottom stepped up to give a walkers report, not only did she love the walk, the drink stop and sunset, but she set a cracking pace for Radar, who turned around at one point during the walk and couldn't believe she was one of the front walkers.

Beau called on to give a runners report, but it came to light that he had actually missed part of the run, D Cell leading him astray again, the part he didn't miss he enjoyed it's twists and turns, and had time to stop and smell the flours.

GM welcomed a LTNS, Wet Dreams wanted to change wet ones for sweet ones, that was short lived no name changing was on the agenda.

Then it was confession time, RA started the confessions by announcing that he's been praying for piss and quiet, and next minute Sybil left. Nobody was surprised when Beau was called to the booth, accompanied by D Cell, they were given 3 hail Marys and sent to Spec Savers for missing part of the run. Cowpat was brought to her knees for impersonating a visitor with what appeared to be no hash gear, but tiny hash feet were spotted on her t-shirt.

Hogshit was called in, and confessed to some neighbourly sharing, his neighbours shared their music to all hours so Hogshit shared his lawn mowing at 7am the next morning. Next up marched Troppo to the booth and in true spirit readily confessed his sins-hew knew where the flase trail was, which just happened to be at the bottom of a long hill, he stood and watched his fellow hashers go down the hill and then watched them come up the hill.

On Sec charged Shadow with after many years at Hash, not knowing what to bring, she sent SMS to On Sec and phoned Hogshit, but the charge was reversed as D Cell had put the wrong time on FB and this confused Shadow,

Meladjusted called Suka in to confess who the new Hash member, Johanna is, he then called Butterbuns to claim a towel from lost property, that was way too big for such a wee person, and Sybil called in to claim more lost property. Lastly Shadow called a charge on Rambling for new shoes, but they were too holy, so some suggested she drink out of GPS's instead, the look on Rambling's face soon ascertained that this was not going to happen. She claimed GPS farts in his shoes, that must take some strange contortionist movements to get his butt down that low.

We were entertained with a rendition of see no evil, hear no evil, speak no evil; Animule, Dead Squid and Meladjusted played the parts well.

Three zero heroes stepped in to show they need to get a life, High Beam 560, Slugger 490 and Miznomer 30. Miznomer was called back to the circle for yet another accolade of creating far better aromas than GPS.

General Business:

- Committee meeting to be held, Sunday 10th January, at 1pm at On Sec's home, 100 Gladstone Street, Rivervale, details will be sent to committee members

A late charge came to GPS for feeling superior to the GM. And then a call for jokers fizzled, not a funny soul amongst us, The dummy shorts also fizzled as Tight Arse was holding onto them for another week, with a no show.

The Committee decided unanimously that as COVID is still present in the community, that members are requested to bring their own cutlery and plates to Friday Hash from now on. For those who forget or are visitors and do not have plates or cutlery, **a small number** of suitable plates and cutlery will be held by Splash for these circumstances.
