**Run: 1546**

**Date: 15th January 2021**

**Hare: Cowpat and Blowfly**

**Venue: Otago Park, Craigie**

RA spoke to the powers to be and gave us a lovely summer evening to meet with our 34 jovial hasher friends at a lovely venue in Craigie.

We stood around listening to the reaaaally long instructions from Cowpat-She said and I quote "Go that way", so that way we went, and it wasn't long before we came to a few! stairs that promised a view and a drink stop, as usual the hashers were impressed with the view but water as a drink stop, we're runners with a drinking problem for goodness sake! A few hardy hashers?? yes including yours truly waited at the bottom and were happy with others telling us how lovely the view was.

Then on to a real drink stop which showed the true gentlemanly nature of a certain hasher named after a shark as he raced other hashers through the gate to get his drink first, I noticed he got away without a down down later in the circle for racing on the run, how unlucky, as he was obviously very thirsty!

While our GM was enjoying a night in the bush down South with Miznomer, Meladjusted kindly acted as stand in GM; Replicar was feeling a bit rushed as Meladjusted called the circle without giving him much notice, come on Reppy, it takes 10 minutes for this motley crew to figure out the shape of a circle let alone form one, drinks were well and truly ready by the time Stand in GM opened the circle and called the hares in to hear their fate. Troppo overheard the On Sec tell GM

the run number, so he was like little Johnny calling out the run number when asked, and yes as little Johnny would have done many times, Troppo knelt and confessed his sins.

Ballwrinkle thought the run was excellent and enjoyed the mountain climb to the first drink stop, however, Sybil was a bit more confusing-she said it was good, but too long, too hot, with too many ups and downs that she didn't like; Cookie made a wonderful suggestion that she may have preferred ins and outs instead.

We had two hasher visitors join us, one because he could travel, Sniffer from Adelaide and one because he can't travel Exit/Re-entry from Bali, he feels he should change his name to just Exit for the moment.

And a few LTNS ventured back to join us, Cookie, Sir Fumbles, RTT, Ballwrinkle and Mouth Organ

The circle was getting a bit unruly at times, Cardinal RA reminded them that we had a choice of discipline or kissing his ring, that did it for a while. And the singing tonight was really amazing NOT.

White Pointer was the first to step up for a charge from RA, for not being able to run in the dark, he needed his High Beam, who stepped in and had a down down with him.

It's about time some of the LTNS returned as Meladjusted had been holding onto lost property from Xmas, Cookie and Ballwrinkle, as Ballwrinkle knelt to confess Cardinal Cookie Pell decided to take advantage of him on the pulpit. I suppose that'll be another court case in 15 years time.

Dead Squid charged Tight Arse for wearing new shoes, but as there was not enough splash to fill the boats he had on his feet, the charge was dropped, Dead Squid, did someone pick your dummy up when you dropped it? Shifty stepped forward to own up to new shoes, but it wasn't the night for shoe drinking Stand in GM missed this and dismissed her. Shifty went home with dry shoes.

Domestics in the circle when Mouth Organ charged Ballwrinkle -how did that saying go "if you get women involved then they will what it up?" Surely I heard wrong. But fortunately while some were having domestics Meladjusted and Radar were being charged for having sex on the run, a nice balance to the night.

Suka was that you with the chatter teeth around your neck again?

Troppo has quite a liking for the old pulpit readily stepping forward again to confess a true story of telling Phantom he would build a car out of spaghetti, and how surprised she was when he drove pasta.

It was the night for true stories as Tight Arse stepped up to give the latest report on his daughter's itchy nose following the birth of their grandchild, he had always wondered what post nasal depression was like.

GM charged Blowfly for getting lost on his own run, he was seen checking out all the cold sacs until he found the right one.

A few hashers were called up to get a life:

Sardar 550 runs Beau stepped in as proxy

Mountain Hawk 490 runs

Shifty 270 runs

Blowfly 170 runs

## General Business

Poor Man's Nash Hash 19-21<sup>st</sup> March-still time to register  
Trail mistress is looking for hares for 12<sup>th</sup> and 19<sup>th</sup> February

The comedy club opened and up stepped Cookie, Sniffer, Meladjusted and Troppo to amuse the troops

Hogshit had no trouble finding nominations for his dummy shorts:

Dead Squid-dummy spit

Ballwrinkle following suit with a dummy spit

Troppo-defamation of Phantom

GPS-that is if he wasn't cavorting in Darwin with Rambling, needless to say he missed out again

Ballwrinkle became the reigning dummy short wearer.

Meladjusted called Mouth Organ into the circle she looked a bit apprehensive until she realised she was just to lead us in the Friday Hash song. Being unable to travel at this current time is not the only reason many Friday Hashers would not make the cut for the Vienna Boys Choir or the Adolf Frederiks Girls Choir, man can we botch a song!
