Run: 1576

Date: 17th September 2021

Hare: GM and Hogshit

Venue: Restaurant Run, City Beach

It was neither the City nor the Beach but it was still called City Beach, where 36 hashers gathered to do what they do every Friday night. Lurking in the shadows of the carpark we were told where to go.....politely. It was not a flat walk, but when Beau and Ballwrinkle were called to critique the run back at the circle, both agreed that there were not enough hills or checks, which really boiled down to being a quick summary as it was a restaurant run after all, and having had our aperitif of port, snakes and chocs on the run, the motley bunch were happy that the GM was planning on a quickie, not with Miznomer though, she was too tired..... a quickie circle.

RA stepped up and identified some hashers that have nothing better to do on a Friday.....Troppo 1330 runs, Light My Fire 180 runs and D Cell 270 runs. Dead Squid announced how he was happy to have got his hearing back tonight, with D Cell away last week it was so quiet he thought his hearing had gone, mmmmmm possibly has a brain leakage and ears are filling with wax!!

On Sec is very impressed with the generous offers of light to write by, but it made shadows on the page and there's only room for one Shadow in our circle.

RA called Inspector Gadget who was very light headed tonight and became a lamppost, Hogshit also called in for a capital offence of having heads up signs on the trail, should have written one in chinese as Hopping Mad missed it and hit her head on a branch, and then she got upset with On Sec because On Sec checked to see if the branch was OK. Did Beau go around twice for the sake of the drink stop or more because he is an over achiever? All appropriately called in for DDs. RA offered his confession of wanting to live up to his family's expectations.

Then it was time for charges from the circle, Replicar calling Hogshit in who really was having sign trouble tonight, there was no mini bar as the sign read on the trail, On Sec called D Cell in for her rather strange request to help her find her poop. Meladjusted once again let the circle know he had a

small one, accolade that is....RA was praised for not listening to the weather forecast that predicted rain all week.

GM skipped the jokes, he also wanted a small one like Meladjusted....circle that is, so it was onto the dummy shorts, Crusher stepping forward to see if he could remain reigning champion; then Dead Squid nominated Tight Arse who was having trouble seeing on the trail and owned up to having two torches in his car. White Pointer called D Cell in for blaming him for her injury on his run as she tripped over a speed hump, this was reversed to White Pointer for humping on his run. Shadow tried to also nominate D Cell for her quest to find her poop, but all agreed that was a shitty charge so it was dropped. Tight Arse won pants down.

General Business

Close To Your Heart Run- being run by West Coast on Tues 28/9 at 6.30 at Britannia Reserve, Britannia Road, Mount Hawthorn, bring your own everything-there are no more details to come. Hamersley will have their drink van there.

Crankers-Christmas Island 2022 late July, speak to someone who knows someone about getting a spot.

AGPU-Friday 26th November, keep it free, and we await with trepidation as GM finalises a couple of things before he announces the theme, it could be astronomical, but then it could be animalistic or maybe it's going to be educational, On Sec has no bloody idea just thought I'd pretend I'm on to it! Free to all those that have set a run, still a few gaps if you haven't set one yet.

Wenchy enjoyed singing the Friday song so much last week, as GM was scanning the circle for a choirmaster or mistress, Wenchy opened her resplendent lungs and led the way.

Next on the agenda was next week's run, Phantom wisely said "read the rag"

The food was hot, fresh and presented in a really timely manner, with the owner floating amongst us to make sure we were happy....hey we are always happy little hashers.
