Run: 1595

Hare: SLUGGER

Date: 4th February 2022

Venue: Hamersley

Hello Hamersley, good to be back at this well-known part of sunny Perth. A good gathering of **36 Hashers** showed up to sample more of the **Slugger/Hogshit** dynamic duo Hash fun. And it was a warm night after another hot day in sunny Perth with a 40C+ day. We were assembled out the front and we were advised that there was only one trail with a few deviations for the runners to follow (deviations for deviants??). I must say that I enjoy a run where the hare has used his noggin to make the runners do the extra mile whilst the walkers enjoy the same trail. We were given a target of finding three trail markers as we went. A cinema, a bowling alley and a community garden (not necessarily in that order...), which I believe most of us picked up on as we navigated the carparks of Warwick Mall, which was different!!

We were also told that there would be several **Drink Stops!!** Several huh, that would be different. But the cheeky buggers whilst not lying, were pulling our legs. I spotted the first one as we passed through a park and a nearby water fountain and doggie drinking bowl were highlighted with a **DS** chalk sign. I'm pleased to say that towards the end of the run a real **DS** was set up with a variety of liquids and nibbles available.

Back at the run site, your **Hash Cash, Radar** was busily taking down all your particulars as we proceed to update all our records so that we have your names as given to you by your parents and your real names as given to you by the **FH3**, along with mobile numbers, email address and emergency contact details. Plus most importantly to sight your Covid vaccination records. Please ensure that you all provide these details ASAP to **Radar** at the **Hash** or by email to myself.

Your **GM, D Liva Rants** was soon calling you to order to form a circle so that we could get the show on the road as the expression goes. This included getting two soggy hashers out of the pool when **Wenchy** and **Troppo** decided it was the best place to cool down.

Once gathered around, our **GM** called in **Maid Muffin** to give a report on behalf the walkers. She thought it was a good walk and had found the three objects as challenged, giving the run (walk) a score of 9.75. Next into the circle was **Megawatt** to give a runners report. He commented on the heat and that there was lots of false trails, which are always good for keeping everyone together. He gave the run a rating of 9.98. And **Tightarse** quickly threw in a comment that all the falsies meant he was able to keep up... So all in all, a good rating and run report.

The **GM** invited a raft of **LTNS** runners who had joined us, including **Kiss My Arse & De Nephew, Hardcase & Dynamo**. Always good to see lots of **LTNS** friends. Keep coming back please...

D Liva Rants updated us on **White Pointer** who continues to make good progress at home and will hopefully soon be back with us. **On On RA** and we're all looking forward to having you back with us once you're ready.

The **GM** called in **Wenchy** for a **DD** over a pun that I didn't pick up on and **Dynamo** was asked to explain her injured arm that was in a sling and heavily bandaged around the hand/wrist. She tried telling us that it was a **Hash** injury. Did she convince you?? Me neither... LOL

Your erstwhile **scribe** and **On Sec** (me) was rightly pulled in for a **DD** for bringing our **GM's** name into repute in the last Rag. Then with no time lost I was pulled back in for another **DD** as last week I got my wires crossed in the Rag with regards to **Maid Muffin** and **Horney Flasher**. Okay, so they have similar hair styles and are of a similar height, but that was no excuse and a 2nd **DD** was quickly dispensed, thank you.

The **GM** then brought in **GPS** as our stand-in **RA** and to be awarded a special cushion made with the material from the old **Dummy Shorts**. He looked genuinely surprised and happy to receive his special award.

GPS then took over giving **Sybil** and **Bell Boy** a **DD** for running which went over my head (not difficult) and he then charged **Sybil** and **Phantom** for talking in the circle and awarded them with a **Down Down** for their efforts.

Whoreda then charged a number of **Hashers** with leaning on the fence giving a **DD** to **Troppo; Tightarse; Sardar & Sir Fumbles**. Gentlemen, let this be a lesson to you to maintain your own sense of keeping an upright stance regardless of what you are drinking...

Radar and myself were brought in for a **DD** with myself rightfully nailed for having forgotten to check the **Big Red Book** for **Zero Hero's** meaning that certain **Hashers** had not been recognised for their run numbers. Belatedly, after the fact, I have looked at the **BRB** and acknowledge **Hogshit** for **540 runs** and **Meladjusted** for **430 runs**. They'll get their **DD's** next week. However, this raises the question of do we need the **Big Read Book?? Radar** advised me that she had recorded **36 Hashers**

as having paid their weekly run fee of \$3. Yet, only **28 Hashers** had filled in their attendance by virtue of putting their names in the **BRB**. Missing from the **BRB** this week was **Megawatt** and this is important in that he was on his **450th run**. So he too needs to be recognised as a **Zero Hero** (next week).

There were no **Birthdays** to acknowledge this week. Which I was disappointed about as I love a slice of birthday cake. So come on guys, who is next to bring to a cake??

But having said that, at the end of the circle, **Wenchy** was handing out free T-shirts from other Hash's and I should mention that **D Cell** had brought with her a collection of new **FH3** wearing apparel that is not free, but for a small charge could be yours. So please remember to see what she has available as I'm sure that your hash wardrobe needs some additional gear...

Jokers for this week included, **Tropo** who told us lies about Pinocchio and his nose; **Cookie** who told us about two women sucking on a Life Saver and **Tightarse** who told us about someone he gave a lift to that his wife didn't like...

At various stages **Down Downs** were given to **Beau** and **Buttered Buns** for talking in the circle, but not necessarily to each other...

This week's award for the **Dummy Shorts** were between **GPS** (should he keep them); **Beau** and myself, **Inspector Gadget**. The overwhelming roar went to **Beau**. So he is now the prized wearer of the **Dummy Shorts** and the usual questions were asked as to what had the previous wearer been doing whilst in them? And we all know the answer to that question, what happens in the Dummy Shorts, stays in the Dummy Shorts...

The closing **Hash Song** was led by **Beau** complete with the Dummy Shorts well in place...

NEXT WEEKS RUN 1596 11th February Mountain Hawk : Chidley Way, Mosman Park
(Tightarse asked me to remind you to bring your swimmers and a towel as we will be by the river...)

Under Other Business.

It was announced in the circle that in line with your state governments new Covid guidelines, when attending indoor venues such as restaurants and halls, all attendees will require to be double vaccinated, and evidence of such vaccination will be needed. We can do this one of two ways.

- 1) You can send me a copy of your vaccination certificate by email to FridayH3@gmail.com stating your Hash name and mobile phone number that I will keep on a secure thumb drive, or
- 2) You can bring your copy vaccination certificate to the Hash and show this to Radar who will keep a register that she has sighted your certificate. If you do neither, you maybe prevented from entering such establishments as the occasions happen. The upcoming 1600th Run is a prime example where we will be hiring a hall for the meal after the run.

In light of the above, your committee also needs to update and maintain a current list of all members with birth names, Hash names, current mobile phone numbers and email addresses. Please ensure that this is provided to Radar or myself, Thank You,

It was agreed that the **Hash Cash Financial Report** of the last three years finances would be available on request, see myself the **On Sec** if you would like a copy. Only \$50 per copy....

The **Perth Hash House Harriettes** have announced that they will be holding a **BLUE DRESS RUN** on the 8th March at Wireless Hill starting at 7pm.

Your committee is looking to put together an **FH3** weekend away at the end of May. More details to follow shortly, Watch this space.

****** A Hare is still needed for the first week of *March* on the *4th*. Please step forward and contact *High Beam* with your booking to quickly fill this gap, Thank You ******

Friday Hash House Harriers Run #1600 will be on the **11th March** and theme will be **COLOUR**. So get your thinking caps on for what your colours will be. **OR** we may follow the Indian **Festival of Colour** known as **Holi** where everyone wears white and then coloured powder and water is thrown over everyone. It's also known as the **Festival of Love** and we all know that Hashers love each other, right??

Quote of the Week: Day nine without beer and I've lost all the hearing in my right eye....
