Run: 1597
Hare: Beau

Date: 18th February 2022
Venue: Lathlain

And another glorious sunny day in Perth. Rain? What's that? Something that the weathermen and gardeners dream about. A total of **38 Hashers** assembled in Lathlain to see what **Beau** had in mind for them as a run site.

The starting circle was assembled so we could hear **Beau** dish out the run directions telling us to go via the toilet block. I was beginning to think that this was something from my high school days, but no, the trail went straight past the loo's and on out into the nether regions of Lathlain.

As usual, the runners were off and running and bugged off to leave the rest of us walkers to meander on behind looking for the usual chalk signs. I should stop to quickly remind all Hashers to remember to fully charge their torches/lamps or put in new batteries as we are well and truly back into its getting dark before we get back to the run site, unless you've got cats eyes, you'll be tripping over yourselves by halfway back.

Beau had us crossing busy highways with six lanes of traffic. Thankfully he made good use of pedestrian bridges and tunnels or we could've been calling 000 a few times, which also reminds me to remind you to let **Radar** know your preferred emergency contact details just in case. A name and number is all that's needed for our emergency contact list.

I was beginning to wonder if he was going to take us thru the Casino, but no such luck, I would've enjoyed that, he he... But he did have us all over the place crossing the previously mentioned

highways as we snaked through the nether regions of the area. Wasn't long before we found the well-stocked **Drink Stop** with multiple options of liquid refreshments and nibbles. Then we were a short hop skip and a jump from the run site and even more nibbles.

The aforementioned toilet block was our circle location and was well lit, much to **Beau's** surprise as he had no idea... Lucky Beau and us. It wasn't long before our **GM, D Liva Rants** had us assemble in a sort of a circle as she got things underway. **Big Bang** was invited in to give us his thoughts on the run as a runner. As a retired teacher, he was also a man of few words saying that it was singularly tuff, but well marked. Then **High Beam** was invited in for her report on the more sedate runners thoughts and she had even less words saying it wasn't tough at all awarding the run a score of 9.5 (no score from Big Bang though...). As is her want, the **GM** awarded everyone with a **Down Down** for their efforts.

Next in was a swag of **LTNS's** consisting of **Arsoleo** (spelling?); **Scrotus Maximus**; **Mental Disorder**; **Menstral Disorder**; **Big Bang**; **Miz Nomer** & **Rockbottom**. WOW..!!! Welcome back one and all and we look forward to seeing you all again soon, like next week.

D Liva Rants gave us an update on **White Pointer** who is still missing in action and is for sure swinging the lead making the most of doctors orders to take things easy. But not that easy **White Pointer**, come on back, we'll take things easy on you, honest... In the mean time **GPS** stays on as stand-in **RA**.

As has become the norm, our **GM** gave us another lesson on the Animal Kingdom. This time telling us about the Kiwi Kakapo bird, a large flightless parrot that digs a hole making noises to attract the female. But when the females fail to find the males, the males gets horny with rocks, hence the expression, getting your rocks off... Would your **GM** tell you porky pies?? Of course not, so it must be true...

GPS took over as the stand-in **RA** and immediately went to work calling in to the circle **Sybil**: **HopPing Mad** and **Shifty**. Their transgression? Making their own circle for a good ole chinwag. **Down Downs** followed of course.

And wouldn't you know it, another group immediately got caught for the same disciplinary treatment for also holding their own little circle for a private chinwag, on in **Snappa**; **Arsoleo** & **Mental Disorder**. **Rowdy Rabbit** was being kept busy dispensing **Down Downs** left, right and centre.

Then the floor was opened for **Charges**. The first to be called in by **Maladjusted** was **Mental Disorder** and **Rowdy Rabbit** for their weeks of reliving past episodes of misspent lives in the Philippines, the less said about this the better. **Radar** called in **Beau** for an accolade re special trails that went over my head. Then **Replicar** called in **Mental Disorder** (not him again... LOL) for inviting **Arsoleo** (now that shouldn't be a crime, getting extra people to the Hash). **Sybil** called in **Shifty** for not knowing what Shiggy is (really Shifty, get with it girl, it's the Hash). I then called in **Bell Boy** for going digitally AWOL by getting a new mobile phone number and a new email address and not telling his fellow committee members and then wondering why we couldn't reach him... The final

charge was reversed when **Shadow** tried to call in **Scrotus Maximus** as a LTNS, when he had already been given a beer for that.

Only one **Zero Hero** this week for who else but our good mate **Troppo** with 1350 runs. Nice work there Troppo.

No Birthdays were claimed or reported.

Jokers this week consisted of **Rockbottom** telling us about coffins and a queue for a dog. I told the story about a mermaid found on the beach. **Troppo** told us some one liners that went across like a lead balloon, keep trying Troppo. Last one in was **Maid Muffin** and her story of about social security and a hairy chest.

The **Dummy Shorts** changed hands from **Beau** to **Shadow** with no competition for not knowing the difference between a scrotum and an arse, or something like that.

The close of the circle and the **Hash Song** was led off by **Mouth Organ**. Good job everyone.

And another fine table of food followed from the hare with Tuna Mornay for us all to enjoy.

NEXT WEEKS RUN 1598 25th February Replicar : Dianella Open Space, Light St. & Edison Way, Near Cricket Club, Dianella

Under Other Business.

It was announced in the circle that in line with your state governments new Covid guidelines, when attending indoor venues such as restaurants and halls, all attendees will require to be double vaccinated, and evidence of such vaccination will be needed. We can do this one of two ways.

1) You can send me a copy of your vaccination certificate by email to FridayH3@gmail.com stating your Hash name and mobile phone number that I will keep on a secure thumb drive, or
2) You can bring your copy vaccination certificate to the Hash and show this to Radar who will keep a register that she has sighted your certificate. If you do neither, you may be prevented from entering such establishments as the occasions happen. The upcoming 1600th Run is a prime example where we will be hiring a hall for the meal after the run.

In light of the above, your committee also needs to update and maintain a current list of all members with birth names, Hash names, current mobile phone numbers and email addresses. Please ensure that this is provided to Radar or myself. We also need to have an emergency contact name/number for you just in case anything should happen whilst you are with us. Again, please let Radar or myself know so that we can update our records.

The **Perth Hash House Harriettes** have announced that they will be holding a **BLUE DRESS RUN** on the 8th March at Wireless Hill starting at 7pm. See attached flyer.

I'm asked to remind everyone about the forthcoming **PoorMans InterHash Weekend** at Cervantes on April 22-25. See attached flyer.

Friday Hash House Harriers Run #1600 will be on the **11th March** and theme will be **COLOUR**. So get your thinking caps on for what your colours will be. **OR** we may follow the Indian **Festival of Colour** known as **Holi** where everyone wears white and then coloured powder and water is thrown over everyone. It's also known as the **Festival of Love** and we all know that Hashers love each other, right??

Quote of the Week: I asked my daughter to give me the phone book. She laughed at me and called me a dinosaur and lent me her iPhone. So the spider is dead, the iPhone is broken and my daughter is furious!
