**Run: 1603**

**Hare: Animule**

**Date: 1<sup>st</sup> April 2022**

**Venue: Woodlands**

Thank goodness the weathermen continue to get it wrong and our **RA White Pointer** keeps the raindrops at bay. Great job RA... Last Friday we had **36** regulars turn out for the potential Run of the Year by our very own 'Let's get lost – **Animule**'. There were many non-believers who came out just to see if he would (could) lay a run and actually make it back to the run site without our having to call out the dogs. Well, **Animule** proved us all wrong by achieving the seemingly impossible. Yes, that's what we'll call the run, Mission Impossible #9.

Our erstwhile **GM (D Liva Rants)** had a calling further afield and she arranged a stand-in by getting a former GM to stand tall and take over her spot, On In **Mountain Hawk**. At just prior to the magic hour she called upon everyone to make a circle so that **Animule** could point us off in the right direction. Our instructions were simple enough, no separation of walkers or runners and no Drink Stop. Simplicity at its best, nothing could go wrong, or could it?

It was already dark as we started out, so out came all the torches with freshly charged batteries and the On On calls were coming fast and furious as **Animule** soon had everyone backchecking and searching for the trail. This kept everyone pretty much together. And so it was all the way round back to the run site. Once the nibbles had gone down the stand-in **GM Mountain Hawk** gathered everyone around to get the circle underway. **Scrotus Maximus** was asked to give his version of the **walkers report**. It seemed that he locked on behind **High Beam** who was talking all the way round which made his life so much easier. He awarded the run an 8. Next was **Phantom** for the **runners**, she declared that the run was Short, Sharp & Sweet much like her comments, which enabled us to

give all three a **DD** and get on with the rest of the circle. Good one Animule as he snuck off to get the meal ready.

**Visitors** this week were **Snack Bite** and **Pat Pom** who last came out with us some 2½ years ago. **LTNS's** were **Mouth Organ** and **Ballwrinkle**.

The **GM** called on the circle to open proceedings by getting **Charges** underway. First in was **White Pointer** who called in **GPS** for finding fuel at \$1.64/litre and the charge was what? Not sharing the location with everyone else?? Then it was **Sheep Shunter** who had been to Esperance to visit family and didn't invite the rest of us... **Buttered Buns** had an issue with a false trail but blamed **Ballwrinkle**... It was claimed that **Maid Muffin** needed a shopping trolley with **GPS** pushing... **White Pointer** tried to call **Mountain Hawk** for Lion Taming. But we all know that a GM outranks an RA and so the charge was reversed. **Hogshit** was called in for losing the run site.

Then the **GM** halted proceedings to bring into the circle the visiting **Pat Pom** and **Light my Fire** for non-stop chatting just behind her in the outer circle. Give them a **Down Down** was the order of the day. Then it was back to the circle and Charges. **Megawatt** called in **Maid Muffin** for getting her holes mixed up... The GM nabbed **Snappa** for column supporting.... The **On Sec** (me) called in **White Pointer** for wandering around aimlessly on the other side of the park looking for the run site. I was asked why didn't give him a lift? But I reckoned he got himself into the mess and with an hour still to go, could get himself out of the mess. But in my defence, I did point him in the right direction... The Charges were still flying fast & furious with **Maid Muffin** calling in **Buttered Buns** over someone else's birthday... **Maladjusted** called in **GPS** for blocking the flash of our stand-in **Hash Flash (Rowdy Rabbit)** as he poured the piss. Come back **Sir Fumbles**, all is forgiven... And please tell **Rowdy** how to share the photos...

**Zero Hero's** – **Bag Lady** for 10 runs and yours truly (**Inspector Gadget**) with 40 runs

**Birthdays** - None to report

**Jokers** – **High Beam**, **Troppo** and **Tightarse** all kept us amused with jokes and one liners.

**Dummy Shorts** - **Hogshit** was the current holder and the following new potential recipients were nominated. **D Cell**; **GPS**; **Sardar**. The usual round of verbal voting saw an overwhelming shout for **Sardar**. And so it was, The **Dummy Shorts** changed hands, or I should say, changed legs.
