**Run:** 1606

**Date:** 29<sup>th</sup> April 2022

**Hare:** Cowpat

**Venue:** 15 Barclay Av. Padbury

Our great leader **D Liva Rants** has the Covid! I remember when Covid first struck and some folk, men in particular, started growing beards, since they didn't go to work. I did and so did **Dead Squid**. I told folk this was my new *Corona Persona*, which had a nice rhythm to it. One year later I met a guy who asked me how my Corona Persona was – so some folk listen to me.

So here's another!

I don't do Social Media, so we are not told what to buy or how to vote by the folks that do. They are known as Influencers. They sort of inject their ideas into people and this made me think. This week **Mountain Hawk** and I had our flu shot. So, does that mean that the doctor who injected us is an *Influenza Influencer*? (Meanwhile check out 'Letters' in the Saturday West Australian).

Talking about Covid you can get Long Covid, Short Covid or just Covid. Which is best? I'd go for Long Covid because that way you're guaranteed to live for 6 to 12 months with Long Covid and then probably until you are as old as me. With Short Covid - well who knows? Just Covid - you've got the flu so see comments above.

So that's the long and the short of it! This again reminds me that a great poet, who was short in stature, wrote in short hand and had a short temper, was called Longfellow, Henry Wadsworth Longfellow. Weird don't you think? He wrote *Paul Revere's Ride*.

LISTEN, my children, and you shall hear  
Of the midnight ride of Paul Revere,  
On the eighteenth of April, in Seventy-five;  
Hardly a man is now alive  
Who remembers that famous day and year.

Another weird name coincidence is the name of the richest man in the World. Think about it! He made his name in the digital World of computers and invested long term in the 'e' business. His name? 'e'long Musk, (Elon Musk). OK, OK, that's stretching it a bit. Don't get me started on Bill Shorten!

Hey! Want to hear about the Hash Run 1606 set by **Cowpat**? We had Stand Ins **GM Mountain Hawk** and **Hon Sec TightArse** – we like to keep it in the family.

### **Run Report-**

There were 27 of us. Four Hashers were involved in this run. Hare **Cowpat** and Co-Hares **Blow Fly, Mouth Organ & Ball Wrinkle**. Some were cooks and some were chalkers. Actually few chalkers since the farrows were not farrows but an imprint of flour arrows made ingeniously by **Blow Fly** and a can on a stick. Unfortunately the printed arrow was tiny in order to save flour for the cooking later. **Replicar** voted the run *'interesting,'* while **Bag Lady** thought the run was one of *'now you see them now you don't'*. (She was in front of walkers, then behind them, then in front – you get the picture).

**Charges-** **RA White Pointer** started off with charges on **Ball Wrinkle** who tried to teach **Sardar** on how to wear the Dummy Shorts, (read last week's Hasheet). **Sardar** might have *seen* what was coming so left early with glasses donated by **GMMH (GM Mountain Hawk)**. We know that **Sardar** is long sighted, so we tried to tell him that he was leaving with the wrong glasses. However he left which was short sighted of him. (See above on the long and short of it).

**RA** charged **Miz Nomer** for cuddling the dummy shorts? **RA** made a toilet charge on **TightArse** who was flushed with embarrassment. His last charge was on **Rowdy** for getting a job. Clearly Rowdy lied on his application.

**GMMH** charged **Light My Fire** for blocking the light from the fire as she selfishly warmed herself whilst the rest of us froze.

**TightArse** charged **Cowpat** for laying the trail whilst on the run. Not having chalk she used twigs to form a farrow. Only Davy Crocket could follow such arrows! Maybe Twiggy Forrest could but hashers would never twig it. (This charge was reversed).

**Replicar** also charged **Cowpat** for losing the trail. (This charge was also reversed)?

**LTNS-** Just **Yo Yo** tonight, who GMMH said we hadn't seen for 100 years. To be fair **Yo Yo** wasn't looking too bad after such a long time. OK, the walking stick didn't help and after a 100 years you'd think she'd lose her accent.

**Zero Hero's** – Bring back **Yo Yo** who signed in on 50+ runs. That's the closest we got to a zero hero. After 100 years that's one run every 2 years – with or without a walking stick.

**Birthdays** – It seemed to be **Cow Pat's** day until **Blow Fly** sang a song to her! Now there are 88 notes on a piano and **Blow Fire** knows 3 of them. Not being sharp enough he sang in 'e' flat. His choice of song to his wife on her birthday was *'Sit on My Face.'* This made the toilet charge on TightArse fade into insignificance. Every time **Blow Fly** missed a note, (every time), he simply sang louder. This made this song the loudest ever. Happy Birthday **Cow Pat!** It was also **Wrinkle Balls'** birthday on this hash day. Happy birthday **Wrinkle Balls!**

**Jokers** – **Cookie** on a 50<sup>th</sup> Anniversary and **Miz Nomer** gave an accomplished joke??

**Dummy Shorts** - **Cow Pat** (of course); a carry over for **Wrinkle Balls;** but it went to **Miz Nomer** (probably for her accomplished joke).
