Run: 1627

Hare: Phantom

Date: 23rd September 2022

Venue: Ballajura

It was the usual start to a **Friday Hash** run with the **GM D Liva Rants** calling the Hashers together so that the Hare (**Phantom**) could give everyone their run directions. No Drink Stop and no separation of the Runners and Walkers. Straight away we all knew what this meant, lots of check arounds and false trails to keep everyone together, sort of...

We hadn't gone far when **Sybil** took a tumble and face planted into some rather unforgiving concrete. She had to go back for some first aid and TLC whilst the rest of the pack carried on searching out the trail laid down by **Phantom**. This was my kind of Hash Run, with the runners sorting out the false trails and check arounds keeping the pack mostly together. There was more lakes and water than the middle of the Pacific Ocean. You can't short cut across a lake...!!!

But having said that, we soon realised that we had lost a few walkers including **Shadow; Lofty; Bell Boy** and **Bag Lady**. I was in the tail end of the walkers that included **Lofty's** partner **Yo Adrienne** and their pooch. **Yo Adrienne** was calling out very loudly "**ON ON**" at every other Farrow hoping her partner could hear and play catch up, and I was hoping for the same thing before I was rendered partially deaf... She has some yell... And no, the missing four never did find the trail or the runners/walkers.

Just over an hour on the trail saw us back at the base camp where we had a well-lit field to carry all our gear across to a covered and well-lit area which was to be our circle setting. Thankfully there was no rain to worry about. As we set about the nibbles table, we realised that the missing

foursome were still out there, somewhere. Mobile phones were being called and talk of sending out the dogs to go look for them was soon shelved as they eventually turned up.

Our **GM** called the circle to order and asked **Shadow** what she thought of the run. There was no comment as she didn't see much of the run having intended to cut back and got lost with the other three!! Radar stepped in to say that she didn't get lost... For the Runners **Replicar** said it was a great run and was well marked.

Visitors & LTNS – There were quite a few LTNS including Dosh; Menstrual Disorder; Main Muffin and Replicar. Welcome back everyone. We hope to see you all again soon, especially Dosh who I'd not met before. Good to see you all

With the **RA** still AWOL over east, **Ballwrinkle** was invited to be this week's stand-in **RA**. But before he could get to grips with the circle, the **GM** called in **Phantom & Bag Lady** for sitting down uninvited and for talking in their only little circle. A quick **Down Down** and **Ballwrinkle** took over. His first 'guests' were **Buttered Buns; GPS & Mouth Organ** for complaining whilst out on the trail. **Megawatt** received an accolade for blowing the horn and re-chalking the trail as the False Trails and Check Arounds were sorted out. **Replicar** got a Down Down for charging ahead of everyone with not a care in the world. Nice one Cyril...

The Circle was opened up for **Charges** and first to lay a charge was **Megawatt** who called in **Mental Disorder** for blaming **Menstrual Disorder** claiming that she had lost the car keys shortly after arriving at the Run Site. Turned out that HE had put them down in the chair pocked I think it was. Then **Meladjusted** also called in the two **Mentals** for taking phone calls on their way around the trail. Weak excuses were quickly dismissed, and another DD was awarded. The **GM** got back in on the act calling in Sybil for not making it past the first 100M when she face planted. Poor bugger. Thankfully her injuries were quickly getting better with the aid of an ice pack. Then D Liva Rants called in **Shadow; Bag Lady; Lofty** and **Bell Boy** for getting lost out on the trail.

Zero Hero's – Only one this week and that was **Sybil** with 580 runs, though this was disputed as she should only be able to claim 579.2 having returned back to the run site early on...

Birthdays – Still nothing – go get yer own birthday cakes you lot

The weeks **Jokers** were a couple of quickees from **Cookie & Troppo** as our meal had arrived and the need for food was being urged on by the smell of wonderful fried chicken.

The **Dummy Shorts** were given back to **Mental Disorder** as the only offering after his attempt to blame his misses for the lost car keys. Seems like **Mental** and **Gadget** as sharing the **Dummy Shorts**... Let's see who gets them next week... Watch this space

The circle was closed by the **Hash Hymn** led this week by Animule

The Meal for the night was arranged and provided by **Phantom** who as previously mentioned had organised lots of fried chicken and some home prepared salad with lots of sliced bread & butter, with a bowl of chocolates as desert, thank you **Phantom**.

**NEXT WEEKS Run 1628 30th September Gadget Fremantle City Football Club

The location has three sports fields side by side. Attached is a scanned map to hopefully avoid any confusion. Come down Carrington Street from the Leach Highway and turn right at the lights into Lefroy Road and then left into Shepherd Street and left into Walton Way, turn right into the carpark just before the end of the road. That's it. See you there.

The **On Sec, Inspector Gadget** is still looking for a new **On Sec** for next year. This is not a time to be shy or thinking that you can't do this, you can. It just needs a positive attitude with can do thinking. Please step up to the plate to [volunteer to be next years On Sec](#). As everyone knows, it's not simply a case of being the On Sec for one year, but agreeing to sign on to a two-year term on the committee with the 2nd year representing the **Friday Hash Harriers** as the **GM**. The tradition has always been to alternate the roles between the men and the ladies as **On Sec** and **GM**. The thing is that unless a lady volunteers, the committee will have no choice but to appoint a male On Sec for the coming year meaning that the following years GM will again be a male. **Phantom** spoke about the role being supported by all the ladies and asked that one of the ladies seriously considers taking on the role. My mobile number is at the top of the page (On Sec – Inspector Gadget 0422 203 125), I'm waiting for your call to answer any questions that you may have re the role, or you can talk with the current GM or any past female GM's about becoming the On Sec & GM. Looking forward to hearing from you, one of you, please...
