Run: 1631

Hare: Sardar

Date: 21st October 2022

Venue: Winthrop

It's Friday night and the faithful **Friday Hashers** have once again come out to play. All **41** of you who came and joined **Sardar** in Winthrop. Despite the first serious threat of rain in many a month, we came out to enjoy another Hash night.

The **GM** arrived and as usual called for a circle to be formed to get run directions from the Hare, **Sardar**. There was already a threat of rain at the start of the run and **D Liva Rants**, our **GM**, paid homage to our **RA White Pointer** for the fact that we've escaped any wet weather for a very long time. She also explained the extended period away for **White Pointer** and I know that you all join me in wishing him well and that we look forward to seeing him early next year.

As always, at seven o'clock we were off and running/walking as we set out in search of the trail. This week the trail was mostly in the green stuff. So lots of flour to look for and follow. As we headed out the **GM** told **Gadget** that she wasn't going to follow him this week, something about things going wrong last week... I thought that the trail was well laid, and it wasn't too long before we found the **Drink Stop** table as 8 o'clock closed in as a light fall of rain was happening.

But as always, nothing dampened the spirits of the **Friday Hashers** as the **GM** called for the circle to form and **Hogshit** was asked for his thoughts of the Runners run. He started off by saying that he is a friend of **Sardar** and then went on to say that the run was too short and not enough hills! But that was **Hogshit** playing with **Sardar** as he then said that it was a pretty good run and awarded it **9.9**

Light My Fire was then asked for her thoughts on the Walkers walk, but regrettably my shorthand skills were severely tested and all I got down was that she was awarding the run a score of **9.99!!** But as that was accompanied with a big smile as she gave a high rating, I believe that she was happy with the walk.

LTNS's this week consisted of **Screwdriver; Buttless; Hogshit & Slugger; Mental Disorder; Rock Bottom** and **Pickled Piper**. Welcome back all you good things. Then there were three visitors this week, being **Hazukashi** during his **Hash** tour of the world. He had formerly Hashed in Seoul, my first Hash and knew quite a few of the Hashers who I knew from there. If my understanding is correct, he has been on a journey for the last two years visiting as many Hash Clubs as possible all over the world and has now been to more Hash Clubs than anyone else and is aiming to be the only person to have Hashed on all seven continents once he visits and Hashes in Antarctica in the near future. Plus, we had **Stewart** (or was it Steven? Our GM had a continuous mental blank for the rest of the night as to who he really was!!) who came with **Inspector Gadget** on a visit from Melbourne and last but not least was **Klumpy** (who Gadget has known for many years) of **Jakarta Hash House Harriers** fame and who came with **Hardcase & Dynamo**.

The stand-in **RA** for this week (and the rest of the year whilst **White Pointer** is on an extended sabbatical over east) was **Megawatt**. He quickly got to the task calling in **Rowdy Rabbit** and **GPS** as **GPS** had been heard referring to the GM with the expression of Darling and **Rowdy** thought that the compliment was for him... What is going on here you may well ask. Then it was the turn to call in **Spackle & Sybil** who had both started getting ready for the **AGPU** by wearing mismatched socks (which reminds me to ask everyone to confirm your attendance at this years **AGPU** by letting **Radar** know as you attend each week over the next few weeks or by dropping her a line by email to FridayH3@gmail.com – Thank you).

Megawatt then called in **Pickled Piper** for attempting to assassinate Mental Disorder. This obviously needed a better clarification than I am able to give you more than 2 days after the Hash. **Cowpat** was next in for nearly taking out some poor cyclist in a near miss affair along the trail. Then it was the turn of **Bell Boy & Ballwrinkle** to be called in for a **Down Down** over the claim by **Bell Boy** that **Ballwrinkle** only has a small one!!! For further clarification, please see **Mouth Organ**.

The floor was opened up for **Charges** and first in was **Meladjusted** calling in **Inspector Gadget** and **Stewart** (Steven?) our erstwhile visitor over Steven being allowed to call **Gadget** by his 'other' name. Then **Screwy** came in claiming that he spotted the trail marking from the bus, to claims of bullshit – bullshit – bullshit as there was then a claim of sex in a bush and then a mystery runner was seen short cutting with claims of **Spackle**... It was all too much for your scribe...

Zero Hero's – At last, **Inspector Gadget** had remembered to bring the new **Big Red Book**... Zero hero's for this week were **High Beam** (640), **Wenchy** (690) & **Inspector Gadget** (60). Then for last week we belatedly called in **Bag Lady** (30); **Shifty** (210); **Beau** (140) & **Radar** (460).

Birthdays – Zippidy doodah...

The weeks **Jokers** (for a change) were **Rock Bottom; Lofty & Wenchy**. A good laugh from each.

The **Dummy Shorts** started out on **Inspector Gadget** for forgetting to bring the **Big Red Book** last week. Nominations for this week were **Mountain Hawk** and **Rock Bottom** with the vote going in favour of **Rock Bottom** due to her confusion over her gender... (refer to her jacket!!)

The circle was closed with the **Hash Hymn** but not before **GPS** gave a moving tribute to **Rambling Rose** on the anniversary of her passing away. **GPS** shared a few stories that involved an amusing story about underwear confusion and **Cleo** the cat and a bottle of red wine.

Forever in the hearts and memories of the Friday Hash

The **Meal** for the night was a variety of Dominos Pizzas kindly provided by **Sardar**, thank you.

Disclaimer – Being innocent is no excuse. Never let the truth get in the way of a good story, even if it was a lie to begin with. All complaints should be sent on a post card to my ex-wife, she is really good at telling you where to go and what to do when you get there in three different languages... Oh Happy Days... All mistakes are intentional and I'm not guilty and I don't care!
