Hello Fellow Hashers,

I have to say that thumb screws work and I succumbed, so as your new on-sec I will give it my best shot (preferably Tequila)

A big thanks to **Radar** who stepped up to the plate and acted as scribe and was kind enough to put this rag together due to me been AWOL last night. Thank you to all the stand-ins of which there were many.

Here's hoping our esteemed GM will be at his post next week.

19 hashers turned out to enjoy the evening in Leeming, with lots of Christmas lights along the trail. Instructions were given to ignore any FH6 arrows that may be seen, with a warning that some marks may have been affected by reticulation over-spray in some areas. This proved to be true, but

tonight's chalker **Beau** fixed most of them. Unfortunately, his marks sent the last group of walkers on the runners' trail, so the tail-enders certainly got their steps up! Drink stop only metres from home was very welcome.

Replicar for the runners – Well Done!

Animule for the walkers – could have had more farrows on the looong walk, but we did get back just under the hour before the batteries ran out.

LTNS: Biggus Dickus – he said he didn't qualify, but took his DD anyway. What a champ!

Early Charges: (Stand-in GM) Hogshit on GPS – for training piss-pourers (maybe too many helping hands tonight?)

DD's for the new committee who showed up: **Mel Adjusted, Radar, Sir Fumbles, Beau, GPS & Sardar**. Here's hoping that next week the others are recovered from the ills that kept them away tonight.

As the Big Red Book is AWOL with our new GM, there were no Zero Heroes or Special Runs tonight.

(Stand in RA) **Replicar** called for charges from the circle:

- **Mel Adjusted** on **Sir Fumbles** for bad parking with **Spackle**. Those lines kept moving.
- **Replicar** on **Sardar** for short-cutting to the front somehow when he was actually checking, and wasting beer. Straight down his throat, no time to savour his DDs.
- **GPS** on **Wenchy** for late arrival. Witnesses to her arrival made sure this was reversed. DD GPS.
- Accolade for **Inspector Gadget, Mouth Organ et al** for looking after their fellow hashers and staying away tonight. DD taken by proxy **Buttered Buns** (who incidentally has not yet been struck down by Rona, so I hope we haven't jinxed her)
- **Hogshit** on **Yo Adrian** for ending up with an escort to bring her home when she lost trail.
- **Hogshit** on **Beau** for marking off the checks and falsies tonight, DD for misleading the walkers.

Birthday: **Wisecrack (60)** – home-made pavlova for dessert was enjoyed in lieu of cake, as this celebration is a few weeks after the date, and no candles due to fire restrictions.

Dummy shorts: Carry over for **Inspector Gadget**

Dinner was getting cold, so no time for jokers.
