RUN: 1639 - Christmas Run

Date: 16th December 2022

Hare: Radar

Venue: Thornlie

Twas the 7th night before Xmas and 47 hashers took to the streets of Thornlie on the search for divine lights.

Mel A gave us the info; however, Radar felt the need to check that he had placed a farrow at the start of the run for the walkers, with a sigh and that look, he assured her he had. We did indeed head to the lights like flies to a Barbie.

Fumbles spent his time on the run searching for Cookie but kept coming up with crumbs.

The lights didn't let us down and by the time we got back we were all feeling uplifted, the Sangria helped, and the lollies went down a treat.

Runners Report

Hogshit reported for the runners, what with all the lights I think he got a bit blinded as he marked off the trail for all the imaginary runners behind him of which there were none. Hey, it kept him out of trouble and scored the hares 9.5.

Adrienne reported she had a grand time and apparently heard a lot of ooh ha's. I think she must have been following Gloria and her brother-in-law.

Visitors and LTNS

We were excited to have a Virgin in Gloria, however as her brother-in-law the illustrious Megawatt made her cum, well the term Virgin was used very loosely and indeed several hashers were dubious the title was appropriate.

Cowpat, Horney Flasher, Light My Fire, Sheep Shunter, Miz Nomer and Big Bang were all LTNS.

Zero Hero

This week's Zero Hero was Slugger with 570 runs.

Charges

GPS, I think was trying to charge some hapless female as he made the totally unjustified claim

"You can't trust a woman" he was lucky he made it out alive.

Big Bang- Who should have known better, apparently didn't know who our GM is.

Sybil- Apparently brought her lovely sister Gloria to double up the numbers.

Meladjusted- Caught out looking down Cookies pants apparently trying to make an adjustment to something?

GPS for daring to calling Dynamo, Washing Powder

White Pointer- For not knowing his whistle from his horn. As no one was up for blowing either, I am not sure it mattered.

Charges for those that didn't tart up in Xmas gear: Big Bang, Franga, Bag Lady and Ballwrinkle.

Replica got up to his old tricks and managed to cadge a drink on the run, apparently went back for another for Big Bang. It was a TALL story, which in Replica's case maybe should have been an accolade.

Replica also tried get a good- looking female to join our hash but failed miserably.

Wenchy and 3 cohorts were charged for using their phones in the circle.

Birthdays- Horney Flasher, who as a birthday treat was offered a big one by GPS.

Keto the dog was chasing shadows all night, nobody told him our Shadow was in NZ.

Jokers

Cookie told a joke about an elf asking Santa for a cup, so his Mum didn't have to drink from the bottle.

Mountain Hawk told a joke about a Blood Transfusion, and someone being told to B Positive

Dummy Shorts

Hogshit was awarded the Dummy shorts for being a dummy, I think.

Meladjusted gave our GM a Magnifying glass as it kind of had his name on it.

Our GM told us that in some far-flung country his name was changed to Inspect her Gadget.

He was told in no uncertain terms that there would be none of that here, even if he is GM.

D Liva Rants asked for a Bottle opener that worked as her teeth were playing up. Mel Adjusted came to her rescue and presented her with one.

The food was great and a big thank you to all the elves who contributed. Those who would like to be reimbursed please advise Radar of the cost.

\$283.00 was raised for the charity Solaris.

Megawatt was asked to lead us in a rendition of the Hash Hymn
