**RUN: 1645-**

**Date: 3<sup>rd</sup> February 2023**

**Hare: Dynamo/Hardcase**

**Venue: Percy Doyle Reserve, Duncraig**

31 Hashers set off on a hot muggy night in Duncraig. The streets were wide the houses lovely, all topped off with a brilliant sunset. There were highs and lows and lots of sweat. The drink stop was a necessity as we were all parched and lots of hasher opted for water. Then it was on home, phew thank God for that.

The evening was topped off nicely with lovely supper of Lasagna salad and garlic bread.

Hogshit kindly provided a map of the run. See attachment.

Our RA apparently had a better offer tonight, I know seems hard to believe, but it happens. Megawatt kindly stepped into the RA's shoes.

### Runners Report

Sybil confirmed what we all knew, it was very, very hot and a great run.

### Walkers Report

Mountain Hawk: reported for the walkers, she thought it was an impressive run very picturesque and the sunset was amazing. Tightarse had to comment "it was a hardcase to judge" where's Judy when you need her?

### Visitors and LTNS

Rockbottom was our LTNS not that she wanted to admit it.

## **Charges**

RA made the most of it and started charging hashers left, right and centre.

Shadow was charged with not been able to handle the beasts of which there were many.

In her defence she said it had been a while since she had handled anything.

RA called all beast handlers into the circle so Slugger, Wenchy, Mental Disorder and the biggest beast hander of all Lofty for a DD.

Troppo was charged with having the runs, apparently caused by some old chook he cooked himself.

So, he couldn't run the run. Whilst having the runs!

Gadget charged Bell Boy, GPS and Sir Fumbles, for fumbling about and been too slow.

Rockbottom charged Tightarse for making an impressive entrance. She obviously saw something we all missed.

Rockbottom also charged Megawatt for dropping his daks. Turns out she wasn't impressed.

Tightarse charged Hogshit for running fast after a lovely young lady who he then tried to chat up.

I heard something about lucky, ducky but it went over my head and under the bridge.

## **Accolades**

To Megawatt for stepping up to the RA role. Very impressive.

## **Zero Heroes**

Sheep Shunter 240, Ballwrinkle 220, Mental Disorder 30, Mountain Hawk had a 555.

Then of course we move on to High Beam, rumour has it that she had 650 runs under her belt.

Due to the brilliance of her beams, I had been blinded by the light and missed this impressive number, but hey she spoke up for herself, put me in my place and told the world.

Her tits however are another story, just quietly I think she wants bigger ones.

## **Birthdays**

None not even Troppo

## **Jokers**

Wenchy told one about seeing in the dark.

Tightarse told about a nun and a priest showing each other their bits.

## **Dummy Shorts**

Slugger was awarded the Dummy shorts because she wears them so well. However

due to the fact she is heading to the land of the long white cloud she handed them over to GPS who was more than happy to take them.

Not sure what he does with them, but we will say on more on that!

### Under other Business

Radar discussed the club finances last week, please see attachment in this week's rag.
