RUN: 1655-

Date: 21st April 2023

Hare: White Pointer- Committee Run

Venue: Subiaco

31 hopeful hashers set off from Subiaco Theatre Gardens on a beautiful balmy (in more ways than one) evening. I am not sure where to start or where to end to be honest. That kind of reflects the run. The universe wasn't aligned when our RA set the run. I think the eclipse must have had something to do with it. Anyway, eventually everyone made it home and enjoyed the sausage sizzle, cooked marvellously by our head chef Megawatt.

Runners Report

Phantom was called in to critique the run. Phantom rattled off a hash saying which escapes me now however it ended with something about, "there not being any fucking farrows on the corners." She got that right.

Walkers Report

Mental Disorder said it was a good walk, despite the hare being unsure of the trail or where the drink stop was. It's fair to say hardly anyone found it. He scored it an 8.5.

Visitors and LTNS

Roxby, Skully, Steamer, Franger, Cowpat, D Liva Rants, Lofty and Yo Adrian.

Charges

RA called in Steamer to be a proxy for Franger who had already exited the park. Franger was a proxy for Dead Squid. The RA said something about Dead Squid being smart. Not sure where that was going or where it went.

Cowpat was charged with running through her old stomping ground, she claimed she often rode her bike through the park and invariably fell off it. No one doubted that at all. Yo Adrian and Shifty also claimed to be past residents of Subiaco so they grabbed a down down too.

Roxby was charged with being a geologist, but she denied the charge and claimed to be an engineer.

Shifty was charged with been the only hasher who thought she knew where she was going. Claiming that the drink stop was going to be at High Beams. If only it had been that simple!

Dynamo was charged with looking for someone named Dave.

Accolades

Bag Lady was given an accolade for asking the RA to give her a win at Bridge, however the RA said that wasn't his jurisdiction as he only dealt with the weather.

D Liva Rants gave Mountain Hawk an accolade for getting chatted up by a young fit lad. She did have a sparkle in her eye and hey she was also one of the last to get on home.

ZERO HEROES

A few zero heroes tonight were Ballwrinkle 230, Cowpat 260, Mountain Hawk 560.

We had Sybil at 600 runs, she has duly presented with a FH3 mug, a 600-run badge, and a cake to celebrate!

Birthdays

None this week.

Jokers

Mental told a joke about Replicar, something about porn or fishing. I think we can all imagine which one won out.

D Liva Rants told one about Mental Disorder wrapping his lower half in glad wrap, everyone saw his nuts as we all know gladwrap is see through. Cowpat was heard to shout "I hope they're not walnuts, I'm allergic to them".

Troppo told one about Jesus and Moses.

The GM told one about 69 sex positions with Rodeo Positioning been his favourite.

Dummy Shorts

Still no dummy shorts.

Under other Business
