

A noisy group at the venue, on a lovely, late autumn evening. No wind, for a change. 28 participants turned up. The absence of dogs, their owners and the group who had gone to Nash Hash in Darwin was hardly noticed once **Sprinkler** arrived and filled the air and the surrounding 5 square kilometres with her laughter. She and **Dynamo** should form one of those laughing groups, where one person starts laughing, for no particular reason, and the people in the group can't resist joining in. Everyone ends up in fits of laughter and goes home happy.

Megawatt and Sybil served a delicious soup, another reason to be happy.

### Runners Report

**Sardar** reported for the runners. He thought the run was excellent. Enough ups and downs to satisfy his need for variety. He gave it a 10/10.

### Walkers Report

**Shifty** was very succinct with her verdict – “very nice, loved it, short and scenic, 10/10”.

Neither of them mentioned the drink stop, where port, ginger wine, with or without lemonade, and a selection of lollies in a cut glass bowl were offered.

### Visitors and LTNS

**Pickled Piker, White Pointer, D Cell, Beau**, with **Sprinkler** and **Morphine** included in an as yet to be defined category – returners, LTNS, visitors, sporadic attendees?

### Charges

**RA** is back and was pleased to welcome **Morphine**, with his ‘usual rat dance’, whatever that might be.

**Shifty** was charged because she could see the light.

**RA** asked for a report on **Sheep Shunter's** opinion of Bangkok hospitals but **SS** had only noticed the lovely looking nurses.

**Beau** was advised to get some medical advice about a condition that has rendered him footloose.

**Hogshit** was designated a non-friend and shook hands with **RA** in agreement.

### Charges from the Floor

**Tightarse** charged the **RA** with failing to attend the coronation on our behalf.

**TA** charged **Sardar** with confounding us all by preceding comments with ‘*If I'm honest*’. Since we don't know whether he is or isn't it's better to believe nowt.

**Mountain Hawk** regaled us with the love story of **Morphine** and long-lost **Sprinkler**- “*Wherefore wert thou, Sprinkleo?*”

**TA** charged **D Cell** for charging her batteries with **Dynamo**.

### Accolades

Stand-ins **High Beam** for Hash Cash, **Mountain Hawk** for On-Sec, **Hogshit** for Splash and lots of other things, but mostly because he craves recognition.

### Zero Heroes

Light My Fire 230

### Birthdays

None

### Jokers

**Mountain Hawk** told one about the interpretation of double glazing “*paying for itself*”.

**White Pointer** told one about a Greek tourist being unappreciated.

### Dummy Shorts

**Franger** has not learned that denial doesn't alter fact. Although there were at least two others, possibly worthy, recipients in **Badfoot Beau** and **Missing Morphine**, the fact that the bearer of the shorts kept them concealed throughout proceedings rendered him worthy of a resounding and unanimous vote to keep them.
