**RUN:** 1662

**Date:** 09 June 2023

**Hare:** Ballwrinkle- Comm Run

**Venue:** Burns Beach

The Hare was worried when he checked the weather first thing Friday, it said it was going to rain and then rain some more and possibly clear up around late afternoon. So, we were thinking only a few diehards would show up especially as the run is in the northern burbs. The weather forecast got it wrong.

It didn't rain at all and much to our surprise there were 37 hashers who had all their visas in order and were able to cross the border and come up to the light side. Turned out to be a great night, with no wind and a great sausage sizzle cooked by Mel Adjusted and assisted by Radar and Cookie who was kind enough to bring her goggles and cut up onions. The hare served mulled wine at the end of the run which went down very well.

The hare made a lovely pudding of Peach Cobbler and hot custard, so the night ended well.

### Runners Report

**Morphine** was asked to critique the run it was a bit short for Morphine but still a good run.

### Walkers Report

**High Beam** Said it was a great run, even though she only did a short lap and scored it a 10/10.

### Visitors and LTNS

We had Roxby, Skully and Zippit as LTNS

## **Charges**

Our illustrious RA apparently had a much better offer and was a no show, luckily Megawatt stepped up to the plate and performed his duties well.

**Slugger** was called into the circle for running on one eye. She was then appointed as songstress as she has a strong voice and uses it often, especially when in the circle.

**D Liva Rants** called in for a down down as she got her second brand new car in a matter of weeks. Morphine and Sprinkler came in to join her, to drown their sorrows as still having no news as to their new car. D Liva Rants did say for a fee she would take over negotiations for them.

**Tightarse** was charged with falling for Morphine and nearly getting rooted.

**Animule** charged with spilling his food and making a mess.

**On sec** was charged with calling someone Ken and then to make matters worse when asked who Ken was, she declared he was a bastard. In my defence everybody seemed to agree.

**Morphine** was charged for wearing a tee shirt, can't really tell you why.

## **Charges from the Floor**

D Liva Rants charged Cowpat with having no respect for an ex-GM. Cowpat asked D Liva Rants to clean up her little pooch's poo. D Liva Rants did as asked, so who knows she may now be the hash poo cleaner upper.

Yo Adrian charged Cowpat with leaving her new smart watch on the driveway so that Lofty could drive over it. Which of course he did several times just to make sure it was dead.

Mountain Hawk charged Ballwrinkle for being too tall and unable to bend down and touch his toes or mark farrows. He was seen wielding a high-tech gadget namely a stick to mark the trail.

Tightarse was in top form tonight, he had obviously taken his meds. He told the story of Ballwrinkle wanting to take a trip to Exmouth whilst myself Mouth Organ fancied a trip on the Ghan. An argument ensued. It ending being, Ex-mouth Or-ghan.

Sprinkler charged Cookie for having inadequate parking at her place and he charged Sardar for parking in his spot, namely the drive.

GPS was charged with walking a very thin line when he asked Zippit to go get him a beer. Lucky for him Light my Fire saw the evil eye Zippit cast GPS and rescued GPS by getting the drink herself.

## **Accolades**

To Megawatt for filling in and for all the committee members who contributed to making the sausage sizzle happen.

## **Zero Heroes**

Hogshit 590, Animule 760, Fumbles 860 and Phantom a phenomenal 1410.

## **Birthdays**

None

## Jokers

Troppo was held back - more like restrained - from telling jokes tonight as the sausages were cooked and ready to go.

Gadget told his story about being as drunk as a skunk in Jakarta and writing off two other cars, one of them been only 3 days old and getting totally concertinaed. Moral of the story is always give Gadget a wide berth and don't ever park next to him.

## Dummy Shorts

Sprinkler had the shorts, he was nominated again, GPS couldn't help himself and nominated himself. Dynamo was nominated as she was heard complaining her torch wasn't working. Hardcase came to her rescue and pressed the button and voila there was light. Needless to say, she left wearing the shorts.

## Under other Business

None because the smell of the Barbie was too good.
