RUN: 1667

Date: 14 July 2023

Hare: Rockbottom / Crusher

Venue: Kalamunda

Run 6.4k

38 Hashers scaled the hills and made it up to Kalamunda. The evening was cold and sharp but dry, so all was well with the world or something like that. It was a long walk despite what the hare said, and he did go into great detail when telling us about the run. As us intrepid walkers who walked the trail came trudging back home it was evident some of us felt stuffed. The ones who stayed behind, and there were a few, obviously got stuck into the splash as could be seen by the giggling in the circle. A great walk and great food so another great night although at times chaotic.

Runners Report

Morphine called in to critique the run, he said it went right, left, right, up and down with lots of hills and scored it a 9.

Walkers Report

Yo Adrian reported for the walkers, she claimed to be ahead of the pack, toot tooting anyone who got in her way. She loved it!

Visitors and LTNS

We had Patpom and Snakebite as visitors.

Crusher, Rockbottom, Shifty, Mountainhawk and Tightarse as LTNS

Charges

The RA was once again in fine form and kept the rain away. He had plenty of charges tonight.

Crusher was charged with giving lots of directions about the run, so much so we all got confused.

Slugger and **High Beam** apparently told Hogshit to F off, not sure what he did to deserve it. He took no notice though as he was still hanging around the circle.

Replicar was charged with scouring the ground for 5 cent pieces he had dropped, although he claimed it was 10 cent pieces. Either way he seemed to have lost his marbles.

GPS charged with not bringing the pics from the procedure he had. Murmurs of Thank God could be heard from the circle.

Morphine was again in the circle, something about his critique of the run, but he did have his jacket inside out. We all know that's the classic sign of an oldie!

Morphine, **Sprinkler**, **Shadow**, **Light my Fire** and **Sheep Shunter** were all late arrivals. Shadow did try to blame it on Shifty, but we all know better.

Morphine was a proxy for the GM, who told Sybil she talks to much. The RA gave her the jabberjaws.

Patpom is a GM of Bangkok Harriet's all current GMs were called in to share a DD with her. Slugger, Hardcase, Sir Fumbles and Gadget were more than happy to join her.

Charges from the Floor

Mental Disorder charged Yo Adrian with causing havoc at the Frye Restaurant when her and her vegan friends decided to cause mayhem.

Mental called in Sprinkler who he said is a good looker to be proxy for our GM. Strange but none of us got that.

Replicar charged Crusher with not setting the run over the sports oval and therefore denying the RA the opportunity to check out the young boys in their sporting gear.

Tightarse said with all the trans talk these days and gay men he was glad his name was Tightarse. I am not too sure about that though it could be more like a magnet.

Mel Adjusted called Sprinkler in as a proxy for the GM as apparently the GM didn't protect Radar when she fell. In his defence the GM said Radar said her left boob took the brunt of the fall and he did offer to rub it, kiss it better or do anything that may help. Radar declined.

Mental called in the Hamersley wife bashers, namely Troppo, Mel Adjusted and Morphine due to the black eyes and bruises their partners have been sporting.

Accolades

Bellboy and GPS got DDs for serving a great splash.

Zero Heroes

Hardcase and Dynamo on 60 and High Beam 670.

Birthdays

Not this week

Jokers

Mental told a joke about a dog doing the shopping.

The GM told one about an Irish guy cutting off his arm then his leg then his head.

Troppo also couldn't resist sharing his joke with everybody.

Dummy Shorts

Menstrual Disorder, Shadow and Mental Disorder were all nominations. Mental won because he loves wearing them. GPS beware!
