RUN: 1669

Date: 28 July 2023

Hare: Lofty

Venue: Gwelup

There were 32 hashers brave enough to turn out for Hash. Luckily or thanks to the RA it was dry for the run. Lofty had set the run late arvo, and then it poured and washed away all the farrows. He wasn't happy about it. Yo Adrian led the walkers. It was a run around the lake, so we were able to navigate our way easily enough. Great run and weather mild what more could we ask for? Food and we got it - soups and bread hot and yummy.

Runners Report

Replicar called in for the runners. He said it was a very good run. Lots of verbal instructions (seems to be the new norm) all of which he said he forgot. Replicar said he looped in and out and was still feeling loopy!

Walkers Report

Ballwrinkle called in for the walkers. He said it was a great walk with no hills and no farrows. Scored it 9.99.

Visitors and LTNS

None to be seen.

Charges

Our RA was incognito tonight (wearing sunnies) due to him having a very busy week. He burst into song with a munch munch here and a munch munch there. The penny dropped for us all and we realised yes, he had been very busy munching swimmers and surfers. Definitely not popular this week.

RA had lots of charges - first off was Lofty for getting very grumpy when his farrows got washed away.

Replicar called in for being very astute and realising the lack of virgins wasn't helping our cause for no rain when the trail has been set.

Skully charged with dobbing in her Mum who apparently had an afternoon drink.

Sheep Shunter charged with not being kind when he saw people trying to have sex on the run.

Charges from the Floor

Cookie charged the RA for eaves dropping whilst she was having a conversation about big heads. She was apparently talking about giant headed Agapanthus.

Mel Adjusted charged Roxby, Cookie, and the RA with forgetting names.

Wenchy charged Yo Adrian with buying Margarine instead of butter which the dog refused to eat.

The GM charged Meladjusted with watching too much television and playing kick the sausage under the table with the dog.

Yo Adrian charged Skully with having new shoes on. Skully denied this but still did a shoey.

Hogshit charged with not being responsible.

Accolades

Meladjusted gave Lofty an accolade for setting a different run than Hammersley who also set this week's run from the same location.

Zero Heroes

Light My Fire

Birthdays

Not this week

Jokers

There were a few jokers tonight.

Mountainhawk told one about 2 tourists in a bar wanting to buy a Guinness and being told the bar wasn't open yet. They said they would wait and were then offered a Guinness whilst they waited.

Troppo told jokes about a tennis ball a tuna fish and some fantales. They caused a slight ripple from the circle.

Cookie told a joke about 4 surgeons.

Tightarse told a joke about the police knocking on Paddy's door.

The GM told a joke about Paul McCartney and Stevie Wonder which had us howling with laughter.

Dummy Shorts.

Nominations were Lofty for spitting the dummy over the rain, Skully who forgot to bring any money to hash. It was Skully's night tonight and she proudly walked off swishing her shorts.
