RUN: 1674

Date: 1 Sept 2023

Hare: Light My Fire

Venue: Eden Hill

28 hashers turned up to Light My Fires run in Eden Hill. It was raining for most of the day and on the drive there. But not too bad on the run, some very light drizzle and most of us managed to stay dry. Great run with a drink stop and as usual great food after the run. All in all, although the RA was absent tonight, he did a fair job with the weather on the night

Runners Report

Phantom called in to report on the run. Phantom said she felt sorry for the hares, farrows were all washed out she gave a score of 9.75.

Walkers Report

Animule called in for the walkers. He said he walked around a bit and then a bit more, he found a few farrows. Then he bit the bullet, found trail and made it back. Scored it a 9.

Visitors and LTNS

Roxby and Tara were tonight's LTNS. The GM asked Tara to do a circle in the circle then promptly named her Squeaky due to her squeaky shoes.

Charges

Mental stood in for White Pointer who had more important happenings tonight.

Mental Disorder called in Menstrual for causing bad smells and blaming it on Chico. Mental is obviously a dobber and the charge was reversed as all the hash ladies know we do not make bad smells.

Replicar was called in as a Proxy for Lofty. Lofty apparently had one of those weeks: His hot water blew up, the car broke down and the dog threw up!

Clockwork Orange, Bellboy and Troppo were all charged with being members of the shorts brigade even though the weather is chilly and baring their lily-white legs for all to see.

Charges from the Floor

Wenchy called Radar, Cookie and Dynamo whilst on the run as she had lost her way and needed solace and direction. They didn't pick up - interestingly she called Mel Adjusted and he picked up immediately. I think he thought he was on a winner!

D Liva Rants charged Mel Adjusted for answering his phone on the run and making Ballwrinkle jump when his phone rang. He can be skittish!

Mel Adjusted charged Replicar with trying to ring him on a 4-year-old number. Replicar in his defence said, "I just wang the wong number"!

Wenchy charged Replicar Troppo and Clockwork Orange for getting lost, they were offered a map but all declined cos they don't run in their spectacles.

GPS charged Clockwork as apparently, she didn't know who the F... is Bruce.

Gadget charged me myself and I for with some trumped up charge of forgetting my duties. Lucky for me the union stepped in!

Accolades

Mental Disorder for being stand in RA.

Zero Heroes

Mel Adjusted 490 and remember he is always just a phone call away.

Birthdays

None

Jokers

Cookie Mental and Troppo were tonight's jokers.

Cookie started the ball rolling with a joke about Habib and Hassan both begging in Sydney. Hassan wasn't getting much money at all whilst Habib was cleaning up. Hassan was wanting money to feed his family; Habib's sign was asking for the \$10.00 he needed to return home to Iran.

Mental told one about a guy speeding and getting a roadside breath test, something about getting harder.

Troppo told a joke about a golfer with 2 pairs of trouser and having a hole in one!

Troppo next joke was about 2 guys sharing a cell for 9 years. After 9 years they decided its time to do the deed. One guy says to the other if it hurts make animal noises if you like it sing. The other guy could be heard moaning Moo Moo until he burst into song singing Moonriver.

Dummy Shorts.

The return of the long-lost dummy shorts. The nominations were Sir Fumbles Hogshit GPS and myself. Sir Fumbles out shone us all when he was unable to open the door of Troppo's vehicle containing the beer!
