RUN: 1675

Date: 8 Sept 2023

Hare: Hardcase

Venue: Warwick

A big turnout tonight for Hardcase's run. 37 happy hashers turned out for a great run and fabulous meal. Although our RA White Pointer wasn't around, we had a lovely evening, it was quite warm, and many hashers came back jackets in hand. Might have been the combined efforts of White Pointer and our stand in RA Mental Disorder.

Runners Report

Sardar called in to report for the runners. He cut straight to the chase and scored it a 10 because he knew there was going to be Curry to eat!

Walkers Report

Zip it called in for the walkers, she said it was very good, well-marked, with a lot of steep hills. Scored it 9.5.

Visitors and LTNS

A lot of LTNS namely Sybil, Megawatt, Buttered Buns, Cowpat, Shadow, Yo Adrian, Lofty, Zip It, Sprinkler and Morphine.

We also had Sheep Thrills with one leg in the LTNS and the other in the visitor's camp. Who knows next time I will clarify with him as to which camp he falls into.

Charges

Mental once again stepped into the RA's shoes, I did see him spraying them liberally with sanitizer first.

Cookie was the first charge of the night, something about slapping Sir Fumbles around the ears with a newspaper. Apparently, he was liking it Cookie responded by telling us that's not the only thing he has had wrapped round his ears. I will leave you with that thought!

Sprinkler called in as a weather girl. Due to her stripping off at the end of the run as she was hot, or the RA thought she was hot. Either way he deemed her our weather girl.

Wenchy and High Beam were charged with not having any better offers and hence they came to hash. Wenchy's response was CRAFT! (Can't Remember a FKG thing).

Replicar was charged with pulling up next to a homeless guy and frightening him away.

Charges from the Floor

Cookie charged the RA with having his mind in the gutter. A charge he didn't deny.

Troppo charged Sardar for running over 2 false trails, Morphine also involved in this charge.

Accolades

Hogshit gave Sardar an Accolade for staying to "curry on with us" it sounded a lot better on the night.

Zero Heroes

None tonight. Hogshit received his engraved mug for his 600th run a couple of weeks ago.

Birthdays

None

Jokers

Cookie told a joke about a golfer who had to have his arm amputated. It was replaced with a women's arm. The golfer said it made him a better golfer and he has taken up sewing. On the downside he said he was finding it hard to parallel park and when he gets an erection, he gets a headache.

Gadget told a joke about a Scot and an Irish man both sailors who came across a mermaid.

They both played around with asking her if she had been kissed etc and have you been F....d. She replied no, well you have now "the tides gone out" they replied.

Troppo told one about little Susie playing with her little sick Bunny. Her Dad thinking ahead told her when she passes, we can celebrate her life with a party you can invite your friends and play some games. Little Susie looks up at her Dad and says "can we kill the little F..ker now.

Mental's joke was about 2 guys one driving Ford and the other a Holden. Racing each other to Melbourne. The Holden breaks down ends up been towed by a Ferrari and wins the race. Well, it went something like that.

Dummy Shorts.

Sir Fumbles kept the dummy shorts as he was guilty of knocking stuff off the nibbles table.
