**RUN:** 1676

**Date:** 15 Sept 2023

**Hare:** Menstrual Disorder

**Venue:** Ascot

34 eager Hashers turned out for Menstrual Disorder's run in Ascot. The RA was back and in top form, he showed great aptitude in showing up as he was flying out later that night. The weather was brilliant. The mozzies were out in full force, and they obviously enjoyed the run. A great run along the river with a drink stop and soup to top off a great night.

### Runners Report

Replicar said it was a fantastic run with no medical emergencies, long false trails and a great drink stop. He scored it 8.75.

### Walkers Report

Animule reported he took a short cut, which surprised everyone. He loved that it was nice and flat and that he got back with dry feet.

### Visitors and LTNS

Roxby Shifty and White Pointer were all long time no sees. Although Roxby denied it and she should know, so should I but that's another story.

## **Charges**

The RA said whilst he has been away the Hash has gone to the dogs. Hard to deny as Chico, Sherbie, Zeppy and Shadow (the dog not our Shadow) all trotted into the circle. The RA wanted to do an ugly dog contest. It was a rowdy barking mad circle; I don't know who got the vote.

Shifty was charged with needing the loo, Gadget and Mel Adjusted said they cocked their legs so all three had a DD.

Replicar was charged with having a love bite under his eye.

The RA charged Clock Work Orange with jumping out of the bushes to ask where the run was. Causing our RA to nearly have a heart attack.

The RA was all charged out, so it was over to the floor.

## **Charges from the Floor**

Mental Disorder called Replicar in as a proxy for Rockbottom. She had called Mental to report that Lilly the Dog had swallowed a hearing aid and had surgery to retrieve it. The dog is recovering, and the hearing aid has gone to shit. Mental was adamant that this is in fact a true story.

GPS charged Shifty with not swallowing, it was unclear as to how he knew this. GPS also charged Cookie for late arrival.

Yo Adrian charged Chico with not supplying pet treats at the drink stop.

Mental charged all the runners, namely Troppo, Hogshit, Phantom, Clockwork Orange, Megawatt and Bellboy with getting to the drink stop after the walkers and stressing him out. However, the charge was reversed.

YO Adrian wanted to charge someone over the fire. Not sure what but something did indeed set alight on the burner been used to keep the soup hot. Troppo apparently started it Menstrual flew into action and blew it out. Hogshit called it an explosive situation.

## **Accolades**

Phantom reminded everyone that when Mental set his first run for Friday Hash it was over 11Kms. this run was 7.82. All the runners were happy with that.

## **Zero Heroes**

High Beam had a book end with 676. Slugger had her 600<sup>th</sup> run, she was presented with her personalised mug, and we all enjoyed a celebration cake.

## **Birthdays**

None this week.

## **Jokers**

Tropo told a joke about a blond telling her boyfriend they had a jigsaw of a Rooster to do. When he arrived the girlfriend was stressed, he told her to “put the cornflakes back in the box and relax”.

D Liva Rants told a joke about an expedition to Uranus and all the cling ons.

Cookie told a joke about a golfer.

## **Dummy Shorts.**

Menstrual Disorder was given the Dummy shorts for blowing out the fire.
