RUN: 1679

Date: 6 Oct 2023

Hare: Big Bang

Venue: Wembley Downs

It was B5 otherwise known as Big Bang & Beau's Birthday Bash. Another great night. 30 mad hashers set off on a run round Wembley Downs. It was a hot sticky night. We were all hanging out for the drink stop.

Great Chilli Con Carne for supper and some great cake.

Runners Report

Soixante Muff reported for the runners. She said it was very flat not a hill in sight. However, she said she ran up to the moon and back and it was warm. Scored it 9.5.

Walkers Report

Ballwrinkle reported for the walkers, he said he failed to find the trail until he saw the light, and all became clear. Scored it 9.7864.

Visitors and LTNS

Big Bang, Miz Nomer, Beau, Soixante Muff, Lofty and Yo Adrian, Wisecrack and Spackle were all LTNS.

Charges

Mel Adjusted was tonight's stand in for RA and a great job he did although I think he turned up the heat too much that's only my opinion, some like it hot so I've heard.

Sardar was charged with being the tumbling wounded. In his defence Sardar denied the charge saying it was that bloke over there as he pointed into the circle, then pointed to another and said they all look alike.

Big Bang charged with confusing farrows. Big Bangs excuse "he is on the spectrum" no one was surprised by that admission.

Morphine and Sprinkler were charged with imitating Wenchy by been late comers.
Replicar was a proxy for Wenchy and they all did a DD.

Charges from the Floor

Megawatt charged Morphine with going white as a sheet when he saw he had a big Ridgeback on his tail. It made him run faster!

Replicar charged Morphine or it might have been an accolade for him taking the horn and chalk.

Sybil charged Morphine for not wearing any hash gear.

Mountainhawk asked Animule if he did the whole run, he said of course he did that's why he made it to the drink stop. It went something like that.

Yo Adrain charged Light my Fire with not knowing that kids at parks take off their shoes and empty the sand out. Hence what she thought was flour under the bench was in fact sand out of the shoes on the bench. In light my Fires defence she blamed Beau who wasn't around to defend himself.

GPS charged Yo Adian with been very confused as she asked, "how's my favourite hooker" Megawatt apparently caught her in the laneway, but Yo said she was going down to Megawatt. All sounds a bit shady to me.

Lofty charged Big Bang with been too old at 70 to sit in near exit doors.

Accolades

Tightarse gave Troppo an accolade for playing 40s and 50s music.

Zero Heroes

Ballwrinkle 250, Light my Fire 250 and Tightarse 550

Birthdays

Big Bang and Beau.

Jokers

Troppo's joke was about an old man, a carpenter who sadly told the tale of having lost his son due to holes in his hands and feet, who am I he asked? Pinocchio the crowd called out.

Mountainhawk asked what happened when you cross a penis with a potatoe? Dickhead!

Replicar asked how do you know when it's a Chinese phone? When you ring it and they answer with "wing wing arrow"

Yo told one about a wife doing Yoga in the bedroom. She was doing the candle poise when he came in what's that foul smell, he asked she responded I am doing a scented candle!

Troppo couldn't resist telling us another joke Why aren't noses 12 inches long because if they were they would be a foot!

Dummy Shorts.

Nominations were Sardar, Light my Fire and by default GPS. Light my Fire won by a cheer.

Under other Business
