RUN: 1680

Date: 13 Oct 2023

Hare: D Liva Rants

Venue: Rivervale

Run 8.3Km

There were 28 eager hashers turned up for their Friday night Hash kick. It was a great balmy evening as we all followed the trail through the Streets of Rivervale and along the by the stream. We were hanging out for the drink stop and it didn't disappoint the circle was followed by a tasty savory mince dish.

Mel Adjusted was our stand-in GM for the night and Mental Disorder stood in for the RA. A great job done by both.

Runners Report

Replicar reported on the run. He said 7 runners set off and by the end of the run 4 runners remained. He claimed it to be a great drink stop and scored it a 9.

Walkers Report

Lofty reported for the walkers, he said it was an excellent run through stinking water and interesting locals. He said the first section went on and on and on some more. Lofty also scored it a 9.

Visitors and LTNS

High Beam, Rockbottom, Shadow and White Pointer were tonight's LTNS.

Charges

Mental charged the GM with being an expert on Public Toilets. The loo in the park he said was great as you could have a piss, a poo or a shower to top it all off. That's if you overstay your allotted 10 minutes.

D Liva Rants was charged with not leaving Mental any smokes when he stayed behind to oversee our goods. Several times he was asked for a smoke and couldn't deliver. He was lucky to be alive! Funnily enough he wasn't asked for a beer of which he had plenty.

Shadow charged with joining him on his stake out, she was kind and caring he said asking about his health. Then she hit him with the leading question "does your penis still work" he was happy to tell her yes indeed. He said he was disappointed when she didn't ask for proof!

Slugger was charged with having single beds in the caravan, in her defence she said, "she likes to spread her legs".

Radar was charged with wanting to sell her caravan because Mel Adjusted has to climb over her but he often just climbs halfway!

Charges from the Floor

The GM charged Yo Adrian and Ballwrinkle with not following instructions. The walkers were clearly told to cross the road and turn left, they both turned right. It's a yanky thing they said but who knows maybe they just had their own agenda.

Ballwrinkle charged D Liva Rants with causing him mental anguish on the run as he was constantly on the look out for the overhead branches that she had warned us about. He didn't find any and thought he may have shrunk.

High Beam charged me for been in all the photo shoots, hey can I help it if the paparazzi follow me about.

Yo Adran charged Sybil for not doing as she was told and not crossing safely. Sybil didn't wait for the little green man as the hare had directed us.

GM charged me with my phone going off in the circle, hey it gave everyone a chance to hear some good music, nobody like Bowie.

Accolades

Mental praised White Pointer for training him well as the weather tonight was perfect.

Zero Heroes

Sybil with 620 runs, Shifty had a nifty 333 and Hogshit had a bookend with 606.

Birthdays

None

Jokers

And then it was joke time and tonight everyone was in fine form. My hand wasn't working fast enough but here goes.

D Liva Rants told a true story about GPS who had a quick liaison with another female before he got together with Zip IT. But she didn't hang around due to his small penis and he wasn't into her enough!

Mental told one about a guy killing his wife with an axe because he wanted to go off with his girlfriend. He puts the body in the boot and cuts off her arm that's dangly out of the boot. Anyway, he buries her. Years later he runs out of petrol and seeing a house he knocks on the door. The woman who answers has an arm missing. He asks where's your arm gone and said here as he grasped Sybil arms, yes she did jump.

Yo told one about a guy needing a sperm sample for the Doc, He gives it ago with his right hand, then his left hand. He calls his wife for assistance she tries with her right hand then her left hand with no luck. I will go to the neighbours he said same deal there first right hand then left hand. He

Goes back to the Docs the jar is empty exclaims the Doc. Yes, says the guy I couldn't get the lid off!!

D Liva Rants told one about a gang trying to rob what looked like a very exclusive bank. They disabled the alarm, and they were in, the safes were small. They broke into the first one and couldn't believe it when all it contained was a small bowl of vanilla pudding. The broke into the next one and low and behold it was like the first with a small bowl of vanilla pudding. The it hit them they were in a sperm bank!

Dummy Shorts.

Nominations Radar for showing off her badly bruised breasts. Shifty for not knowing her North from her South she claimed it was due to it been dark. Hogshit for tripping up on the run when reading a sign.

Radar got them due to the male population's excitement.

Under other Business

Meladjusted reminded everyone we are a group who looks after each other and to be mindful of not leaving anyone behind. No one should be walking alone. Hogshit also reiterated that in relation to the runners. Keep someone informed if you're taking off for any reason.

Close to your Heart run raised \$3305.55 for the Forget me not Café. The Numbats will host the run next year.
