Twas run 51, so the last run under the leadership of our Inspector Gadget. What a great night it was. 47 Friday hashers got together for the annual AGPU. A host of eager beavers got together to set the scene for the night. A big thank you to Megawatt who was co hare for the evening, Along with Mega, a big thanks to High Beam and Animule, Sybil, Pickled Piker, Shifty, Ballwrinkle and Phantom who all contributed to putting up the decs and getting the venue ready and doing the clean up afterwards. Of course, myself and Gadget also did our bit. Also, thanks must go to Radar who purchased all the decs on the club's behalf. Thanks also to Horny who took the trouble to bring some music along, though everyone was yakking so much we didn't need it.

It was a short run as we all had the food and free hash splash on our minds.

We kept it short and sweet, there were no reports, no zero heroes and no jokes, although a lot of jokers were certainly in attendance.

Gadget thanked all his committee members, I will again mention Radar and Mel Adjusted who were out raging at the Robbie Williams concert so on behalf of Gadget a big thank you to both. You were definitely missed.

I introduced my committee, thank you to all who are onboard. I am sure you will all keep me on the not so straight and not so narrow path and confident you all will point me in the right direction when needed. Hopefully I will want to be in the right direction and if I don't then I will let you know.

Hopefully I haven't missed anybody, but chances are I may have, if so please forgive the transgression and I will lay the blame clearly on one of my senior moments.

So all that said it's over and out from me as On Sec and over to Megawatt.
