**RUN: 1688**

**Date: 08/12/2023**

**Hare: Mental Disorder**

**Venue: Bayswater**

A "Mental" night for the first day of the year of the "Mouth". Early on, when we just arrived at the venue, 40 hashers were fronted with an unexpected Antarctic blast that had many scrambling to get jackets. Then, we had news that the new GM was a late withdrawal from today's line up and Radar was chosen as standing. Several new faces today kept more than one introducing themselves and trying to find connexions and common stories to other hashers and places.

Mental gave run directions and, no long after, walkers and runners separated. The visitors showed their running abilities but, they complained that they were no match for the speed of Replicar and Sardar. We all came together almost at the end for a drink stop where the mozzies were out in full force, making everybody to rush out of there.

Back on the venue, the wind had stopped but, we found out there was a crisis: Our FH3 BBQ was out of order, and we were moving to "Plan B", that was the public BBQs in the park. As the cooks were taking position, the sprinklers went ON ON over the BBQ area. This, put the sausage sizzle out of the picture. To top this up, 3 Kookaburras sitting on the tree next to the rowers' club were laughing nonstop about the situation.

An emergency committee meeting was called in, and an executive decision was taken to call DOMINOS to the rescue. So, Ballwrinkle and Menstrual Disorder took care of "Plan C" to save the night from a total "Mental" situation.

### Runners Report

Phanton volunteered to provide the report and stated how much the hare had learned about setting runs for FH3 and congratulated him on a great 6.4K run. Scored him a 9.

## Walkers Report

Whenchy agreed with Phanton. Nice walk, well-marked and gave him a 9.

## Visitors and LTNS

Doolittle and Talking Pussy visiting from UK, had a drink with fellow Yorkshire FH3 hashers.  
Putrid visitor from Miri Hash had a drink with the Web wanker who made him come.

Quokka and Skippy were welcomed back after a long absence from Friday.

## Charges

As the circle started, the new piss pourers Wenchy and D Liva Rants dressed in "October fest" bar maid costumes were loudly cheered.

The new Religious Advisor "Mother Inferior" a runaway nun, made entrance and started with an accolade to D Liva Rants for doing his costume, but he had to return to her a forgotten pair of knickers he found with it.

Hard Case was charge for complaining of no snakes (jelly) in the drink stop.

Inspector Gadget charged for sabotaging the BBQ.

## Charges from the Floor

Talking Pussy charged Putrid for not caring where the drink stop was.

Talking Pussy charged Replicar three times as "revenge" from a trashing he was subjected by Hamersley H3 in Freo when he visited Perth almost 30 years ago.

Sibyl charged Mel Adjusted for bad mouthing the onsec position.

GPS was disappointed that Gadget never encouraged him and Bell Boy to dress up as a bar lady when they had the job.

## Accolades

Mental praised Menstrual Disorder because she was the reason the run and the walk were good.
