**RUN:** 1700  
**Hare:** Replicar

**Date:** 08/03 / 2024  
**Venue:** Mt Hawthorn

34 hashers assembled behind the pavilion avoiding the cold breeze to participate in the club 1700 milestone event. But, despite the complains of cold, some stuffed their faces with huge ice cream cones from the truck that parked right in front where we were. After Replicar gave instructions showing his signature arrow flour stamp, off we went. The run took us thru few very active sporting venues with large loops and long false trails until the drink stop that was located passed the *on home*. Circle was called quickly, and after the run discussions, we put on party hats and funky glasses for the big toast and cheers. With Cookie in the middle of the circle as the only founder member present, and everybody holding a glass of bubbles, we cheered and wished long life to Friday Hash. Pizza was served for dinner and Ice creams for dessert made a very enjoyable night.

### **Runners Report**

Shamcock, an overseas visitor, judged the run very good, long false trails and expressed thanks to Franger for doing them all. Also, noticed a lot of peeing activity in the bush by the male hashers all along the route. Gave a 9.9 for score.

### **Walkers Report**

Mountain Hawk commented of good walk, nice area. Lost the trail because of lack of penetration, (of the flour stamp to the grass, she clarified) other than that, it was wonderful. 9.95

### **Visitors and LTNS**

Loved Down Under and Shamcock, visitor hashers from Switzerland were introduced to the circle and given their down downs.

Skippy and Tagg were welcomed back as ltns.

### **Charges**

- The R/A announced he is doing interviews for his replacement while he is on vacation.
- R/A to the visitor Shamcock for being amazed by the Cask Port container he saw at drink stop.
- R/A charged Horny Flasher for something she said during confession: Her love for her new blow-up doll called Julio that she shares with Shadow.

### **Charges from the Floor**

- Sybil Charged Slippery Slop and Clockwork Orange for no having hash gear.
- Clockwork Orange was charged for stopping the run to admire the legs of the young blocks playing soccer.
- Ballwrinkle was charged for pissing off back home in panic because he forgot the AC adapter connection for his fridge to keep the ice cream.
- Mountain Hawk charged Horny for distributing cone hats to wear on the head. Because of our age, the proper use was to use them as earphones she said. But she was immediately corrected by Horny who placed them on her as a bra Madonna style. Charge was reversed and Mountain Hawk took the down down.

### **Zero Heroes**

Shadow got to 640.
