RUN: 1712
Hare: Ding

Date: 07/06/ 2024
Venue: Coolbinia

Inside the huge double garage of his house, Ding welcomed 41 hashers to the darkest suburb in Perth. So, as we prepared to enter the dark side, he re-assured that there will be enough strong and bright trail marks to follow. Runners and walkers kept together for most of the trail thanks to clever checks, walkers' short cuts and runners' exclusive false trails. The darkness issue was evident because Who Came First almost finished last, since she run out of batteries for her flashlight. Back at the house, Spec Savers need was obvious for more than one that tried to make new doors thru the big glass panels facing the pool area. The night ended on a very nice chili con carne over foiled potatoes.
