**RUN:** 1720

**Date:** 02/08/ 2024

**Hare:** Tight Arse – Yorkshire Run

**Venue:** Mosman Park

### The rag courtesy of DLivaRant:

Ee by gum it were a champion run. All 22 hashers, who didn't have a better offer, thought the same. Some hashers were still getting over Bellboy's Olympic marathon last Friday and called in sick. Others chose to support the Eagles at their home match and were duly rewarded with a great game and 10-point win, at last!

Many came dressed in their best Yorkshire attire and flat caps. We wandered through the dales and sprunts (steep hills) of Mosman Park and Cottesloe, and down by the strand. Tightarse found the steepest hill in Cottesloe, but then rewarded us with a lovely tot o' hot rum and blackcurrant as we crawled over the peak.

## Runners/WalkersReport

The circle was called, and White Pointer was called upon to give his views on the walk. No runners were asked an opinion as they had all chosen to run the walk, I know it was just a ploy to get to the drink stop first! The Pointer pointed out that it was an excellent run, and excellent drink stop, even though a few mumbles were heard on some of the hills. Radar interjected and asked if anyone had seen the sign on the big hill, appropriately named "Cardiac Hill". Others interjected and mentioned that a certain white-haired Yorkshireman was racist at the drink stop, he wouldn't drink the rum because it was black. A song of sorts (oh how we missed Horny Flasher) peeled forth, but it was noted that Tightarse wasn't down downing; when this was pointed out to him, he said he needed his co-hares to drink with him, Mountain Hawk and Mouth Organ. RA questioned Tightarse as to which part of the run he did. His response was that he did everything, and so RA asked what his co-hares did, and he replied that they did everything else. Was that some Yorkshire logic? Once that was all sorted Tightarse led us in the chorus of a song he wrote for the occasion. Ee by gum she's a champion! Ee by gum for those that want to know is really Yorkshire slang for OMG.

## Visitors and LTNS

Visitors and LTNS-no visitors, but Cookie and Sir Fumbles, D liva rants and Rockbottom, came to the circle and explained their absences.

## Charges

RA hobbled into the circle to start his charges, first calling on the Pomes, Tightarse, Gadget, Mouth Organ and Mountain Hawk for a down down. Lofty had to spit his licorice out when asked to give a note, ew! Then D liva rants was called in to explain her sex tour to Bali with Shadow, DLR (yours truly) explained that the wording of that was wrong, the sex tour was not **with** Shadow, albeit she was in Bali with her. DLR was proud to acknowledge that she had turned down a marriage proposal whilst in Bali. Wayan doesn't know how lucky he is.

Then Gadget was called back in, he should have just stayed there, this time he had to explain his latest ride. Seems like RA is fixated on who or what anyone is riding.

DLR charged Meladjusted for failing at being a short cutting bastard, crossing the main street to avoid the steep steps of the overbridge, just to find he had to climb it the other side as he had forgotten his keys to the railway gates. Lofty, minus his licorice, came to his defense as he explained that Meladjusted was showing him an easier way for his dog, as the dog doesn't like steep steps. Yo Adrian in total nonsupport of her spouse, explained that the easy option was not for the dog it was for Lofty, then carried on with some story about the noises he makes on exertion, we hoped it was only about mounting stairs.

## Zero Heroes

A few zero heroes celebrated their special run; Tightarse 580, Mouth Organ 280 and Inspector Gadget 140.

## General Business

- **Weekend away**, GM reminded all that it is not too late to join in for this fun weekend.
  - Meladjusted mentioned Close To Me funeral, all went well, except a celebrant from hell.
  - Lofty mentioned, prior to sticking chips in his mouth, the Druk Hash in Bhutan, which was all too confusing for the standing On Sec, so Lofty will send the details through to the real On Sec.
  - Radar said she was still **looking for a hare for the 23rd August**. Please contact Radar if you can help.
- At this point the GM looked to the standin On Sec for advice on where we are up to. Standin On Sec said 'next weeks run'. It was all Hopping Mad's fault as she had told yours truly what was for dinner and yours truly after 2 weeks of rice, couldn't wait to get to the scrumptious offerings. But no, GM not to be swayed, called for jokers.

### Jokers

Cookie- about a wealthy man having to park a Ferrari

Inspector Gadget-about duties before abandoning the Titanic

Then there was a rare moment where a couple of hashers offered some intelligent historical facts about the Titanic.

Then Mental Disorder brought us back to earth with an unintelligent joke about something, not only did I miss the punchline, I didn't manage to even catch what it was about.

There was a cry of "Bring back Troppo". You know a joke is bad when the hashers call for Troppo's return.

No, still not nosh time.....

### Dummy Shorts

- Dummy Shorts, worn by Inspector Gadget. Gadget tried to tell everyone he was away for the next three weeks, so he really needed to hand them over. But then he realized he had his dates wrong and that he's not leaving yet. You got it, Inspector Gadget keeps them.

### Song

Yea, finally GM asked Ballwrinkle to lead us into the Friday song, and time had come. Mmmmm, Shepherds Pie, followed by rhubarb and berry crumble, scrumptious malt loaf, and some delicious biscuits filled with lemon curd. A feast fit for a Yorkshire King.
