RUN: 1736

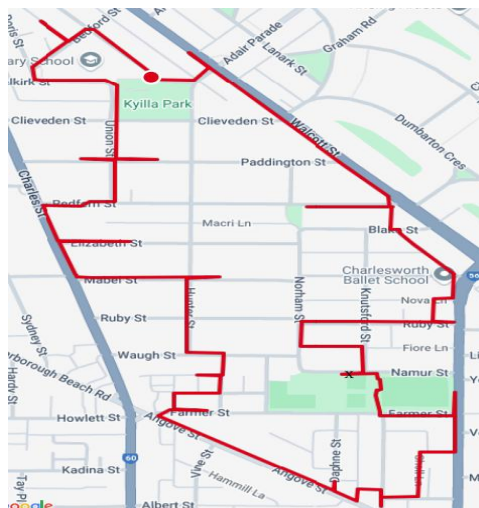

Date: 22/11/ 2024

Hare: Biro

Venue: North Perth

We all know that our RA is an attention seeker. True to form, when we arrived at the run location he was surrounded by people enquiring about the huge bandage swathing his crown. It seems that his numerous afflictions have rendered him unsteady on his one operational foot, and caused him to fall over and bash his head. To make matters worse, he waited 5 hours for Menstrual to wake up and take him to hospital rather than disturb her beauty sleep. Not to be outdone, another attention seeker, Hogshit, decided to go running, in the dark, with chalk in one hand and the dog's lead in the other. He ended up full length on the pavement, shaken, stirred and bleeding.

For a 'short run', it turned out to be fairly long for some of us, who were silly enough to trust in Gadget's short cut, but we all arrived back, safe, sound and eager to get into our winter woollies to keep out the unseasonal, cold wind. 29 runners in all..

Runners Report:

Hare Biro wanted her co-hare, Ding, to be recognised for his efforts. Clockwork Orange was effusive in her praise, declaring the runners' run 'Amazing and 20/10'.

Walkers Report: Rock Bottom rated the run 9.5/10, despite having been led astray by Gadget. It was a great walk with lots of false trails.

Visitors & LTNS: We had visitors, Bejeezus and Lyn from Sydney, with their local virgin friends, Terry and Deborah. LTNS were Rock Bottom, Shifty, Clockwork Orange, Lofty and Yo Adrian.

Charges:

- Biro couldn't understand where everyone had got to after one hour, when it was 'only a 5km run'.
- Gadget was charged with standing in for GPS and enticing harriettes into the bushes.
- Big Bang was blowing his horn.
- Bejeezus and crew were brought in for a brief resume of their lives. Their hash had a Run no 2222 at which they all wore – guess what? Tutus. An invitation was extended – 'If you're ever in Sydney'. Big mistake - Mental was seen making notes of their address.
- Clockwork Orange was charged but so many people entered the fray I could neither see nor hear what went on but it was something to do with the wrong part of her body. - Slugger was charged with professional and marital negligence for attending to the dog before the husband.
- Virgins Deborah and Terry were told they are welcome back any time.

Charges from the Floor:

- Sir Fumbles charged Hogshit for lying down on the run.
- RA charged Menstrual Disorder with being unable to tell the time.
- Big Bang charged Hogshit for forgetting they were supposed to be in a 3-legged race.
- Tightarse tried to charge Shifty, who was hiding the toilet. When she eventually emerged there was a Yorkshire convention which the GM, Sweet Dreams and Deborah joined. 'Eee by gum, it were champion.'
