RUN: 1742 Date: 10/01/ 2025 - **Hare:** Sybil **Venue:** Crawley - **Run Numbers:** 48

Runners Report

In Irish, English, Gaelic and Australian English Clockwork Orange gave her accounting of the runner's trail. It was very picturesque running on the trails through the woodlands. There was also wildlife on the trail (i.e. Replicar.). Replicar wanted to know what sort of animal or marsupial he was supposed to represent? Dangerous she fired back. There was much complaining about the amount of sand to slog through and then there were hills.....

Score: 99.9/10

Walkers Report

In understandable local lingo, Butterbuns reported for the walking trail. She grizzled loudly. The hare had the nerve to put in false trails and checks for the walkers! This caused the Hare to lose points. Could this be a new precedent? Walkers forced to actually "hash" and find the trail?

Walker's trail length had to be shorter than the runners as it was contained within the runner's circuit.

Score: 9.9910

Run length reported as 6.7 kilometres

Birthdays

GPS not present but celebrating elsewhere

Shadow - A big thanks to Cookie for creating such a bespoke cake in honour of Shadow's making another revolution around the sun, plus it provided desert for the pack!

Visitors and LTNS

Holy Moley – how many people came to visit !!!!!!!

Visitors

Former club members, **Shrek and Sandstorm**, came up from Freo H3
Welcome back visitor **Drag Queen** from Darwin H3
Call Girl and **Maussie** runners from an earlier time in Friday H3

LTNS

Mel Adjusted and Radar back from batting baseballs in Canberra:
Hopping Mad has re-entered the scene from Beijing ready to lay trail for us!
Ding left work to join us tonight
Biggus Dickus and the lovely **Hawkeye**
Skippy hopped in from the hills
Buldust has officially rejoined Fridah H3. Yeah hooray!
They did not drink up all the splash but **we need a new Down Down song for a group this size.**

The Circle

Again, the circle was called to order by **R.A. Mountain Hawk** in her trademark Celtic gown and headgear. It was difficult to control the large rowdy crowd. She did not threaten us with circumcision as last week. Our hare, **Sybil**, was quickly out front for her down down drink then back to the kitchen.

The **RA** was not impressed with naughtiness on the Hash. It seems **Horney Flasher** and **Pickled Piper** were caught having sex at the drink stop while waiting for the pack to arrive! **Horney Flasher** deemed "Sex is Boring" - the perfect Down Down song for the pair.

Mountain Hawk informed us that the King would be 90 years old if he was still alive. No, Charles is not dead, but Elvis would have been 90 on the 8th of January. A look alike Yankee was called out to represent the King. **Ballwrinkle** led us in song - "Don't Step on my Blue Suede Shoes".

Another rock star birthday boy, Rod Stewart, had **Sheepshunter** into the circle as the stand-in. Donning the Scottish bonnet, he sang "I Am Sailing." The crowd tried to help (maybe).

Ballwrinkle and **Sheepshunter** drank the splash for the birthday rock stars.

Next out front and centre was **Hardcase**. He was summoned to Scotland in the middle of December for a wedding! He "drug" poor, freezing **Dynamo** along. She could not get his motor started because it was so cold, not even pulling on his crank helped.

Never Hard was called out as he reinforced **Hard Cases'** feelings while in Scotland. It was a long month.

Ancient history was brought up by the RA. In ancient times **Maussie** and **Call Girl** left Friday H3 in a HUFF. The **RA** granted them absolution for the sin of leaving. All has been forgiven. They are welcome back! They drank to "In Heaven There Is No Beer."

Sometime earlier, the **GM** put the **Big Ears on Clockwork Orange** for her constant chattering. **Mountain Hawk** noted that **Clocky** could continue to wear them to slow her down on her bicycle! Out comes the dreaded **Red Bad Girl** hat! Poor **Clockwork Orange** had to endure the "Bad Girl Song" again.

Drag Queen was given a drink for being a stand in for **Skully the Piss Pourer**. Thus, he became a 'Bimbo.'

Radar stepped forth with her arms loaded with "lost or forgotten" property from the Christmas Run. She wanted those irresponsible hashers to have a drink. No takers noted.

Charges and Accolades

Mel Adjusted called **Inspector Gadget** to be his witness that two hashers gas bagged the entire trail: come out **Zip It** and **Radar**. They enjoyed the Green Ginger vino at the drink stop so much the only song for them was "I Like the Vino."

Maussie charged **Call Girl** for not living up to her name that was given to her because she always called ON ON. Her defence was she was too out of breath running to call. **Hogshit** jumped in defending the lady's lack of lung power. Charge reversed so **Maussie** got the splash.

Zero Heroes

Megawatt: 570

Slugger: 660

Cookie was to receive her belated 1300 badge, but it was lost during the Circle by the **GM** Like amazing grace, badge was found in his jacket pocket! Presented to her at dinner.

Bookends

Sir Fumbles: 929

Birthdays

Shadow BD hat & Hashy Birthday sung

Replicar was the stand in for **GPS**

General Business

Hogshit says **Replicar** wants a name change. Forget it lads.

Jokers

Cookie: a dentist joke

De Liva Rants: two blokes in the outback throw a gear box tied to a goat into a deep hole.....

Horny Flasher: Old man fishing with no apparent luck so a man buys him a drink

Mountain Hawk: new take on the woman buying a vibrator...the fire extinguisher!

Troppo: Amazon explorer surrounded by angry natives hears a booming voice

Hears to the jokers! They drank to the "Jolly Hasher Song"

Dummy Shorts

GPS has them. MIA. The **GM** believes **Hogshit** should get them for inattention.

FYI

The On Sec notes: some members chose not to sign in because a record of their presence is recorded by Hash Cash. Unfortunately, you may miss out on your milestone runs being recognised in the Circle. Mel Adjusted only reconciles the run numbers periodically. Hash Cash is not involved with keeping up your run numbers.
