SAD NEWS

There has been a loss in our canine FH3 numbers. Little Chico crossed over the Rainbow Bridge this weekend. Many of us have a special place for “the little fella” in our hearts. Anyone who has ever lost their much-loved dog understands what Mental and Menstrual are going through. They might not feel up to joining us at the AGPU. I for one understand. It would be their first time coming to FH3 without Chico. A big bridge for them to cross.

Condolences on behalf of the Club. Yo Adrian

RUN: 1786 **Date:** 21/11/25 **Hare:** Biro **CoHare:** The Spirit of Ding

The On Sec’s Special Bulletin for the AGPU Night

Remember, the **AGPU** night is free meal and drinks all night for members.
Visitors: \$20.00 for food and drinks.

We will be using the Hash Splash plates and cutlery, etc. Mountain Hawk has volunteered to take the dirties back home, run it all through the dishwasher, ready for the Christmas Run! **Do not bring** your own plate and cutlery unless you plan to *take it home dirty*. There will be NO WASHING UP on the night.

As the **On Sec** is on the endangered species list, hobbling about with only one good leg, assisted by hiking poles to stay upright. Yo missed doing trail. Sorry, no exciting titbits of gossip tonight. **Editorial Note:** Earlier, at the start of the run, the pack went out to the street to receive instructions from the **Hare, Biro**. **GM Megawatt** trying to be helpful by lighting up the garage he succeeded in *partially closing the garage door, getting it stuck* while trying to *turn on the garage lights*. **Bulldust** likened this to the Berlin Wall coming down or is that the Berlin Wall going up? **GM’s** helpfulness caused **Biro** to miss giving out instructions for her

trail. The FH3 pack was left in limbo, to fend for themselves while **Biro** sorted out the garage door! Not to worry, FH3 went boldly off down the well-lit suburban street and found farrows! **Sherbie**, **Lofty** and **Yo Adrian** might just as well have stayed at home, sitting about doing nothing! Oh, we are on security duty! Isn't that what security does? Hangs about doing nothing? **White Pointer** called for us to tell **Radar** he is coming to the AGPU.

Back at Biro's Abode

Megawatt called out for the Circle to begin. **Biro** was told to cease her labours in the kitchen. "Come forth for a bit of Splash!" for her efforts as tonight's hare (not to mention chief cook and bottle washer). The pack ceased chowing down on the many nibbles and guzzling their favourite tiple to listen up.

Runner's Report Morphine was excited to be finally singled out by the GM to give a report on the stunning runner's trail! He bounded out the front to exclaim, "There was this massive great hill. The entire neighbourhood was filled with massive great big houses to look/gawk at. Lots of fancy cars in the driveways, too. Exceptionally good street lighting". The walkers and the runners stayed together. Amazing! Well done!

Run Length 5.29 KMS

Score: 9.5

Walker's Report done by **Mouth Organ** sounded a bit like an echo of **Morphine's**

assessment. There were very lovely streets, with lovely houses. There was a very nice drink stop served up by **Bell Boy** and **Biro**. What made it even more very special was the dynamic duo of power walkers, **Shifty** and **Mouth Organ** at long last, were the first walkers to return! (a definite first!) They were so focused, they walked briskly past the "On Home."

Score: None

Song: *And the Hairs* led by stand-in Song master, **Troppo**

LTNS: The large number of LTNS must be attributed to the warmer weather. **Hop Ping Mad** got a cheap air fare from Beijing to Perth. She is a FIFO daughter doing the duty of taking care of Dad. **Rockbottom** rolled down the escarpment to the high rent district for a change of scenery. **Light My Fire** has finally recovered from celebrating her 60th last Friday. **GPS** gave his hareem a night off in Pira Waters treating himself to time with FH3. **Morphine** and **Sprinkler** must toss a coin on the night to decide if they are coming to FH3! FH3 is more fun for their presence.

Song: "Hooray for them, hooray at last, they're not the horse's ass, they're the horses' head"

Visitors: 3 Shillings & 4 pence (3&4 pence) Note: he must be a spy for the Balmy Army! He came to Perth for the cricket, ended up on the FH3 trail! He runs hash in the UK. He knows our **Kanya**. **3&4 pence** and his wife, hash in London with the West London Hash. Mrs 3&4 pence apparently loves the hash almost as much as she loves sex!

Song: "He ought to be publicly pissed on"

The RA's Circle

The RA charged **3&4 pence** for being British and cricket mad. He has some responsibility for spreading the sport around the globe. **Mountain Hawk** had him sing "Sweet Caroline" for his down-down.

Today is national Stuffing Day. **Cowpat** had to come out and sing a ditty with the **RA**.

It is also "**False Confessional Day**." This means you have a chance to lie! **Sprinkler** had to sing to **Morphine**, "to sing a lie." **Sprinkler** SANG AND DANCED "*Do you Love Me*" while she drank her down-down.

Mountain Hawk had the Three Amigos, those lovely Harriettes joined at the hip: **DIY**, **Wenchy**, and **Zippy**, arise from their seats. They took part in her skit about three old ladies who were in the lavatory. **Wenchy** got locked in and was left behind because, "Nobody knew she was there.

Oh, Dear, What Can the Matter Be?

*Oh, Dear, what can the matter be,
Three old ladies locked in the lavatory,
They were there from Monday to Saturday,
Nobody knew they were there.*

*The first was called Marjorie Porter,
And she was the bishop of Chichester's daughter,
She only went there for the need to pass water,
And nobody knew she was there.*

*The second was called Isobel Humphrey,
She sat down and found it exceedingly comfy,
She tried to get up but could not get her bum free,
And nobody knew she was there.*

*The third was call Elizabeth Carter,
And she was well known as a prodigious farter
She went in and blew them the Midnight Sonata,
And nobody knew she was there.*

Hello Day! It is International Hello Day! FH3 was treated to rendition of the Beatles hit: "*You say goodbye and I say Hello*".

Mountain Hawk wished us all a fond farewell. As our Druid Priestess, she is required to go on Sabbatical after serving her year as **FH3 Religious Advisor**. The new **RA** will be revealed at next week's AGPU. She was so giddy with the liberating thoughts of freedom, she forgot the words to her farewell song!

Charges from the Floor

It was observed by **Bulldust**, tonight's first runner to the On Home, two Harriettes, **Shifty** and **Mouth Organ** were so busy talking that they walked right past **Biro's house**. Two doors down the street proclaimed, "*We're lost! Where is the On Home?*" **Troppo** sang a perverse version of "*I see fields of green, red roses too etc what a fucked-up world we are in.*"

Lofty notes that **Gadget** brought the **RA** in his Audi. He pulled carefully up onto the verge. **Bulldust** stared in wonderous disbelief. Why was **Gadget** parking at #46? **Yo** is hollering out her car window, "You're at the wrong house. **Biro** has a garage not a carport!" **Bulldust** confers with his device's GPS. Yup. **Gadget**, where the *fuk r you going?*

Yo Adrian charged **Shifty** for, being shifty. Imagine trying to change her own hash name! If you were going to change your name, would you want your name to be "**SHITTY**"? In **The Big Red Book** for her Run # 387, recorded for posterity, is "**Shitty**".

Light My Fire received an accolade for her fancy new hairdo. She got it done for her 60th

Cameltoe on **Lofty** for being an old fart. She was petting **Sherbie**. **Lofty** could not get up out of his chair so he asked **Cameltoe** to give the dog her thyroid pills! "*It all sounds like Bullshit to me*" sang the FH3.

Gadget commented that **Lofty** suffered from strap a dick to me. Is that a new phrase for prostatectomy?

Gadget charged **Ballwrinkle** fiddling about in the dark, *“Come on baby Light my Fire.”*

General Business

Megawatt again reminded us of the **AGPU**. Theme is dress up as an Asian going to Bali on a holiday. **Radar** needs your RSVP - if you are coming next week for catering. Thank you. Pay on the night to **Hash Cash “Radar”** or by FH3 Bank acct.

Perth Harriettes Annual Salvos Run see attached flyer

Save the date: 19 December in your diary. **FH3 Christmas run.**

The theme: **Ho Ho Ho Merry Christmas!** Cost: \$4.00 for members & \$20.00 for visitors. Remember to bring extra \$s for the charity. **The Arthritis Foundation.** This disease has made a huge impact on my (Yo’s) life and her hashing. She received the diagnosis of rheumatoid arthritis in 2021. A total knee replacement in 2022 and 3 level spinal fusion scheduled for 8 January 2026. A definitive life changing autoimmune disease.

Gadget tells one about a man in the hospital who asks the doctor to check for his ??? the doctor proceeds to fluff about under patient’s gown for some length of time. The patient asks why this is taking so long. He did not need his testes checked. He wanted to know if his test results were back.

Lofty told one about a married couple. The husband is at death’s door. He wanted to ask his wife of many years some questions. *“Have you ever been unfaithful in our marriage? Well, only three times answers the wife. When and why? Remember when we were buying our first house? We were a wee bit short on the deposit, so I visited the bank manager , then he made an adjustment on our loan.”* I guess that is understandable, it can be justified considering the circumstances. *“The second time was when you had your heart attack. The surgeon’s fee was so outrageous. When I saw him out in the parking lot, I approached him. After our “negotiations” he reduced the bill considerably.”* Oh, the man is amazed that his wife would do these things for him. *“Well, do tell us about the third time. “Remember dear, when you ran in the election for president of the golf club and you needed 73 votes to win?”*

D Liva Rants told the sad tale of the two dwarfs who were picked up by two prostitutes. Later in the evening the dwarfs were comparing notes. The first one said, *“It was awful. I couldn’t get a hard on.”* The second one said *“I was out of breath. I kept huffing and puffing saying: “One two three I’m coming, but I never came. I could not get up either. I could not even get up on the bed”.*

Cookie told about her grandpa in the nursing home. She was curious what the night nurse had just given him. A little blue pill and a cup of hot chocolate. Oh, the hot chocolate is to help him sleep and the Viagra is to keep him from rolling out of the bed.

Troppo: The doctor tells his patient, “You’ll be at peace soon.” What! Am I dying? “No, but your wife is.”

“Here’s to the jolly hashers” sang the jolly jokers.

Dummy Shorts: Tightarse a carryover. **Mountain Hawk** left them nicely laundered in the cupboard **and her injured husband in Indonesia!**
